

## Logging in to our services is now a little different

The update to the login process ensures your personal information is more secure and better safeguarded.

**Last updated** 24 March 2025

We now use the Australian Government Digital ID System to verify your ID when you use your Digital ID to access:

- Online services for business
- Online services for foreign investors
- Relationship Authorisations Manager (RAM)
- Access Manager
- Australian Business Register (ABR).

The next time you log in, you'll be prompted with 2 new screens.

The first screen allows you to select a Digital ID provider, such as myID, while the second screen requests your consent for your information to be shared with the online service.

You might recognise these screens from when you access our online services through myGov using your Digital ID.

For a faster login, you can select 'Remember my choice' and 'Yes, remember my consent'. However, this is not recommended if you use a shared device.

For secure access, always remember to:

- log in directly through the ATO, RAM and ABR website
- log out after your session and close the browser, to keep your information secure from unauthorised access.

## **Our commitment to you**

We are committed to providing you with accurate, consistent and clear information to help you understand your rights and entitlements and meet your obligations.

If you follow our information and it turns out to be incorrect, or it is misleading and you make a mistake as a result, we will take that into account when determining what action, if any, we should take.

Some of the information on this website applies to a specific financial year. This is clearly marked. Make sure you have the information for the right year before making decisions based on that information.

If you feel that our information does not fully cover your circumstances, or you are unsure how it applies to you, contact us or seek professional advice.
