Pay with BPAY

How to use BPAY to pay us quickly and securely.

Last updated 4 March 2026

Find your unique PRN

You must provide your payment reference number (PRN) in the reference field every time you make a payment with BPAY®. This guarantees your money goes to the right ATO account without delay.

You will have different PRNs for different types of tax, for example, one PRN for income tax and one PRN for activity statements. Make sure you use the right PRN for the type of tax you're paying.

There are a few ways you can [find your PRN](#).

Our BPAY Biller code

Our **Biller code** is **75556**.

How to make the payment

When you have your PRN, you are ready to make the payment from your Australian financial institution.

Step 1: Log in to your online banking

Log in to your online banking. Select the account you would like to pay from and find the BPAY option.

Step 2: Add our Biller code and your PRN

In the **Biller code** field, add **75556**.

Add your PRN into the **Reference** field for every payment. This guarantees your money goes to the right account.

BPAY®

Biller code: 75556

Reference: Your [payment reference number \(PRN\)](#)

Step 3: Select pay with BPAY

When you have added all the correct details – including payment amount, date, our Biller code and your PRN – select **Pay**.

Not all online banking screens look the same. For example, your Pay button may be called 'Submit' or 'Pay bill'.

Another way to pay with BPAY

You can also contact your financial institution directly. They can help you make a payment with BPAY from your Australian cheque, savings, debit card or credit card (Visa or MasterCard) account.

Payment processing time

Payments made through BPAY can take up to 4 business days from the day you make the payment, to be received by us and appear on your ATO account.

Keep this in mind when considering due dates and paying. If your payment is late, you are responsible for any interest charges that may be applied.

Check what to do next if you've made a payment on your account and it's a [missing payment](#) or you can't see it.
