① This publication provides you with the following level of protection:

This publication (excluding appendixes) is a public ruling for the purposes of the *Taxation Administration Act 1953*.

A public ruling is an expression of the Commissioner's opinion about the way in which a relevant provision applies, or would apply, to entities generally or to a class of entities in relation to a particular scheme or a class of schemes.

If you rely on this ruling, the Commissioner must apply the law to you in the way set out in the ruling (unless the Commissioner is satisfied that the ruling is incorrect and disadvantages you, in which case the law may be applied to you in a way that is more favourable for you – provided the Commissioner is not prevented from doing so by a time limit imposed by the law). You will be protected from having to pay any underpaid tax, penalty or interest in respect of the matters covered by this ruling if it turns out that it does not correctly state how the relevant provision applies to you.

What this Ruling is about

1. This Ruling sets out the Commissioner's opinion on the way in which the relevant provisions identified below apply to the defined class of entities, who take part in the scheme to which this Ruling relates.

Relevant provisions

2. The relevant provisions dealt with in this Ruling are:
- section 83-170 of the *Income Tax Assessment Act 1997* (ITAA 1997), and
 - section 83-180 of the ITAA 1997.

All legislative references are to the ITAA 1997 unless otherwise indicated.

Class of entities

3. The class of entities to whom this scheme applies is those employees of Utilities Management Pty Ltd shown at paragraph 13, subject to paragraph 15, who receive a payment under the scheme described in paragraphs 9 to 29 of this Ruling.

Qualifications

4. The Commissioner makes this Ruling based on the precise scheme identified in this Ruling. The class of entities defined in the Ruling may rely on its contents provided the scheme actually carried out is carried out in accordance with the scheme described under the heading *Scheme*.

5. If the scheme actually carried out is materially different from the scheme that is described in this Ruling, then:

- the Ruling has no binding effect on the Commissioner because the scheme entered into is not the scheme on which the Commissioner has ruled, and
- the Ruling may be withdrawn or modified.

Date of effect

6. This Ruling applies from 14 September 2016 to 16 December 2016. The Ruling continues to apply after 16 December 2016 to all entities within the specified class who entered into the specified scheme during the term of the Ruling. However, the Ruling will not apply to taxpayers to the extent that it conflicts with the terms of a settlement of a dispute agreed to before the date of issue of the Ruling (see paragraphs 75 and 76 of Taxation Ruling TR 2006/10).

Scheme

7. The following description of the scheme is based on information provided by the applicant.

8. Utilities Management Pty Ltd (UMPL) is seeking the Commissioner's approval to implement an early retirement scheme in accordance with section 83-180.

9. The scheme will be titled '***The Utilities Management Early Retirement Scheme 2016***', hereafter referred to as 'the Scheme'.

10. As the sole electricity distributor in South Australia, UEMPL trains its own trade skilled workers. The Certificate III apprenticeship takes four years to complete and there are currently approximately 85 apprentices in the Field Services Division in training. Over the last ten years, UEMPL has employed almost every one of the apprentices that it has trained and would like to employ the apprentices currently in training after their graduation.

11. The pattern of apprentice recruitment over the last 20 years coupled with low staff turnover has resulted in an age distribution at UEMPL with two peaks – a peak in the late 20's age group, and another in the early 50's age group, with a large dip in between.

12. Accordingly, UMPL wishes to rationalise and re-organise their trade skilled workforce within the Field Services Division by:

- releasing longer serving employees who may not wish to continue in the business
- refreshing their work force through ongoing recruitment of the trade apprentices currently in training, and
- ensuring there are clear promotion pathways for the next generation of employees.

13. The class of employees to whom the Scheme applies is full-time and part-time UMPL employees who are:

- Trade Skilled Worker – Powerline and Electrical (TSW-PE) employees in the Field Services Division, and
- 45 years of age or older as at 16 December 2016.

14. The Scheme is open to ‘transferred employees’ as defined under section 24 of the *Electricity Corporations (Restructuring and Disposal) Act 1999 (South Australia)*. Transferred employee positions will not be surplus to requirements and will be backfilled.

15. The following employees are excluded from the class of employees to whom the Scheme applies:

- any Customer Connect Officer from a regional depot
- any employee on a temporary or fixed term contract
- any employee who has submitted their resignation prior to 26 July 2016, and
- all TSW – Powerline (TSW-P) workers from the Central Business District (CBD) work group.

16. Eligible full-time employees who terminate their employment under the Scheme will receive a payment comprising of:

- an incentive payment of \$9,936, plus
- \$4,969 per completed year of service.

The maximum payment is one year’s gross base wage (base rate for 2016-17 income year as per page 93 of the *Utilities Management Pty Ltd Enterprise Agreement 2014*). If an eligible employee is working part-time as at the date of the offer, the payment will be calculated on a pro rata basis.

17. The number of packages available under the Scheme is subject to two maximum caps. Eligible employees must satisfy these caps:

- no more than 20% of the TSW-PE’s from any single depot or workgroup, and

- no more than 15% from each TSW-P or TSW-E pay scale across the Field Services Division.

The number arising from the percentage for each cap will be rounded down to the nearest whole number. The caps will be applied to the workforce in place as at the last day for acceptance of the offer.

18. An offer to retire under the Scheme will be made to eligible employees in writing.

19. Eligible employees will be able to accept the offer by lodging a formal acceptance of the offer. Acceptances must be received within 30 days of the date of the offer.

20. A random ballot will be conducted by an external and independent accountancy firm to determine the order in which acceptances will be processed.

21. An eligible employee will terminate their employment under the Scheme according to the order in which their acceptance is drawn from the random ballot, unless either of the caps applying to that employee has already been filled (in which case the employee will be ineligible to terminate their employment under the Scheme).

22. UMPL will determine the last date of employment on a case by case basis, but the date will be no later than 16 December 2016 (inclusive).

23. To receive the payment under the Scheme, all employees terminating under the Scheme must continue to be employed by UMPL up to and including their last day of scheduled employment.

24. All employees terminated under the Scheme will receive their statutory entitlements such as annual leave and long service leave where applicable. However, these amounts will not form part of the payment made under the Scheme.

25. The payment made under the Scheme is in excess of any superannuation and any other benefits to which eligible employees would otherwise be entitled.

26. Employees who terminate their employment other than under the Scheme will not receive the Scheme payment.

27. The retirement of employees who receive a payment under the Scheme will occur before they turn 65 years of age.

28. Payments made under the Scheme will be at arm's length.

29. There is no agreement in place between any eligible employee and UMPL, or between UMPL and another person to employ the eligible employee after retirement under the Scheme.

Ruling

30. *The Utilities Management Early Retirement Scheme 2016* is an early retirement scheme for the purposes of section 83-180.

31. Accordingly, so much of the payment received by an eligible employee that exceeds the amount that could reasonably be expected to be received by the employee in consequence of voluntary termination of their employment at the time of the retirement will be an early retirement scheme payment.

32. In addition, so much of the early retirement scheme payment as falls within the threshold calculated in accordance with section 83-170 is not assessable income and is not exempt income.

Commissioner of Taxation

14 September 2016

Appendix 1 – Explanation

① *This Appendix is provided as information to help you understand how the Commissioner's view has been reached. It does not form part of the binding public ruling.*

33. A scheme will be an early retirement scheme if it satisfies the requirements of subsection 83-180(3).

34. Subsection 83-180(3) states that:

A scheme is an **early retirement scheme** if:

- (a) all the employer's employees who comprise such a class of employees as the Commissioner approves may participate in the scheme; and
- (b) the employer's purpose in implementing the scheme is to rationalise or re-organise the employer's operations by making any change to the employer's operations, or the nature of the work force, that the Commissioner approves; and
- (c) before the scheme is implemented, the Commissioner, by written instrument, approves the scheme as an early retirement scheme for the purposes of this section.

These three conditions are now considered.

All employees within a class approved by the Commissioner may participate in the scheme

35. In order to satisfy the first condition, the scheme must be offered to all employees in a class approved by the Commissioner under paragraph 83-180(3)(a).

36. The class of employees to whom early retirement will be offered under the Scheme is set out in paragraph 13, subject to paragraph 15, of this Ruling.

37. The Commissioner considers that this is an appropriate class of persons for the Scheme to be offered to. In approving this class of employees the Commissioner has considered the nature of the rationalisation or re-organisation of the operations of the employer. It is therefore considered that these employees meet the requirements of an approved class of employees for the purposes of paragraph 83-180(3)(a).

The employer's purpose in implementing the scheme is to rationalise or re-organise the employer's operations in a way approved by the Commissioner

38. The proposed scheme must be implemented by the employer with a view to rationalising or re-organising the operations of the employer as described in paragraph 83-180(3)(b).

39. Paragraphs 10 to 12 of this Ruling describe the nature of the rationalisation or re-organisation of the employer's operations. In approving the Scheme, the Commissioner has had regard to the changes in the operations and nature of the work force of the employer. It is considered that the Scheme is to be implemented by the employer with a view to rationalising or re-organising the operations of the employer for the purposes of paragraph 83-180(3)(b).

40. Accordingly, the second condition for approval has been met.

The scheme must be approved by the Commissioner prior to its implementation

41. The Scheme is proposed to operate for a period from 24 September 2016 to 16 December 2016. The approval to be provided by the class ruling will have been granted prior to implementation therefore, for the purposes of paragraph 83-180(3)(c), this condition is satisfied.

42. The Scheme will be in operation for approximately three months. This is considered appropriate due to the circumstances of the re-organisation.

Other relevant information

43. Under subsection 83-180(1), so much of the payment received by an employee because the employee retires under an early retirement scheme as exceeds the amount that could reasonably be expected to be received by the employee in consequence of the voluntary termination of their employment at the time of termination is an early retirement scheme payment.

44. It should be noted that, in order for a payment to qualify as an early retirement scheme payment, it must also satisfy the following requirements (as set out in subsections 83-180(2), 83-180(5) and 83-180(6)):

- the retirement occurred before the employee turned age 65 or such earlier date on which the employee's employment would have terminated under the terms of employment because of the employee attaining a certain age or completing a particular period of service (as the case may be)
- if the employee and the employer are not dealing with each other at arm's length (for example because they are related in some way), the payment does not exceed the amount that could reasonably be expected to be made if the retirement was at arm's length

- at the time of retirement there was no arrangement between the employee and the employer, or between the employer and another person, to employ the employee after the retirement
- the payment must not be made in lieu of superannuation benefits, and
- it is not a payment mentioned in section 82-135 (apart from paragraph 82-135(e)).

45. The term 'arrangement' is defined in subsection 995-1(1) as meaning:

'any arrangement, agreement, understanding, promise or undertaking, whether express or implied, and whether or not enforceable (or intended to be enforceable) by legal proceedings'.

46. In accordance with section 83-170, an early retirement scheme payment that falls within the specified limit is referred to as the 'tax-free' amount and will not be assessable income and will not be exempt income.

47. For the 2016-17 income year, the tax-free amount is limited to \$9,936 (base amount) plus \$4,969 (service amount) for each whole year of completed employment service to which the early retirement scheme payment relates. It should be noted that six months, eight months or even eleven months do not count as a whole year for the purposes of this calculation.

48. The total of the amount received on the termination of employment calculated in accordance with paragraph 16 of this Ruling may qualify as an early retirement scheme payment.

49. The total payment calculated in accordance with paragraph 16 of this Ruling will be measured against the limit in accordance with the formula mentioned in paragraph 47 of this Ruling to determine the tax-free amount of the early retirement scheme payment.

50. The tax-free amount will:

- not be an employment termination payment (ETP), and
- not be able to be rolled-over into a superannuation fund.

51. Any payment in excess of this limit will be an ETP and will be split into tax-free and taxable components. The tax-free component of an ETP includes the pre-July 83 segment of the payment. The tax-free component is not assessable income and is not exempt income.

52. The taxable component of the ETP will be taxed at various rates depending on the person's age. It should be noted that the '*whole of income cap*' does not apply to any part of the early retirement scheme payment.
