Ruling**Demerger relief available**

7. A demerger, as defined in section 125-70, happened to the Moneytech demerger group, which included Moneytech and Monoova, as the conditions under subsection 125-70(1) were satisfied. This included Monoova being a demerger subsidiary of Moneytech when the restructuring commenced and, under the restructuring, Moneytech disposed of all its shares in Monoova to Moneytech shareholders.

Capital gains tax consequences**CGT event G1**

8. CGT event G1 happened on the Implementation Date when Moneytech paid you an amount in respect of your Moneytech shares by way of the transfer of Monoova shares (section 104-135).

9. You made a capital gain from CGT event G1 happening if the amount of the reduction of share capital for each Moneytech share (\$1.65) was more than the cost base of your Moneytech share. The capital gain is equal to the amount of the excess. No capital loss can be made from CGT event G1 (subsection 104-135(3)).

Choosing demerger roll-over

10. You can choose to obtain demerger roll-over under subsection 125-55(1) for your Moneytech shares.

11. If you choose demerger roll-over for your Moneytech shares:

- any capital gain you made when CGT event G1 happened to your Moneytech shares under the demerger is disregarded (subsection 125-80(1)), and
- you must recalculate the first element of the cost base and reduced cost base of your Moneytech shares and calculate the first element of the cost base and reduced cost base of the corresponding Monoova shares you acquired under the demerger (subsection 125-80(2)) (see paragraphs 13 to 16 of this Ruling).

Status: **legally binding**

Not choosing demerger roll-over

12. If you do not choose demerger roll-over for your Moneytech shares, you:
- cannot disregard any capital gain you made when CGT event G1 happened to your Moneytech shares under the demerger, and
 - must recalculate the first element of the cost base and reduced cost base of your Moneytech shares and calculate the first element of the cost base and reduced cost base of the corresponding Monoova shares you acquired under the demerger (subsections 125-85(1) and (2)) (see paragraphs 13 to 16 of this Ruling).

Cost base and reduced cost base of your Moneytech Group Limited and Monoova Limited shares

13. The first element of the cost base and reduced cost base of each Moneytech share and corresponding Monoova share is worked out by:
- taking the total of the cost bases of your Moneytech shares just before the demerger, and
 - apportioning that total between your Moneytech shares and the Monoova shares you acquired under the demerger.
14. The apportionment is done on a reasonable basis having regard to the market values (just after the demerger) of the Moneytech shares and Monoova shares or an anticipated reasonable approximation of those market values (subsections 125-80(2) and (3)).
15. The Commissioner accepts that a reasonable apportionment is to attribute:
- 46.7% of the total of the cost bases of your Moneytech shares just before the demerger to the Moneytech shares after the demerger, and
 - 53.3% of the total of the cost bases of your Moneytech shares just before the demerger to the corresponding Monoova shares received under the demerger.
16. You work out the first element of the cost base and reduced cost base of each Moneytech share and corresponding Monoova share whether or not you choose demerger roll-over (subsections 125-80(2) and (3), and 125-85(1) and (2)).

Acquisition date of Monoova Limited shares for discount capital gain purposes

17. For the purpose of determining whether you can make a discount capital gain from a future CGT event that happens to a Monoova share you acquired under the demerger, you will be taken to have acquired the Monoova share on the date you acquired, for capital gains tax purposes, the corresponding Moneytech share (table item 2 of subsection 115-30(1)). This will be the case whether or not you choose demerger roll-over.

Not an assessable dividend

18. No part of the value of a Monoova share transferred to you under the demerger will be included in your assessable income as a dividend under subsection 44(1).

Status: **legally binding**

Anti-avoidance provisions will not apply to deem an assessable dividend

19. The Commissioner will not make a determination under subsection 45B(3) that either of sections 45BA or 45C apply in relation to the whole, or any part, of the capital benefits provided to you under the demerger as the purpose condition in paragraph 45B(2)(c) was not satisfied.

Status: **legally binding**

The demerger of Monoova Limited

30. The demerger of Monoova was undertaken by an equal capital reduction and a selective capital reduction of share capital under section 256B of the *Corporations Act 2001*.
31. At a meeting on 25 July 2022, the shareholders of Moneytech voted to approve an ordinary and special resolution under section 256C of the *Corporations Act 2001* to reduce the share capital of Moneytech by an amount (the capital reduction amount) equal to the entirety of the market value of all the fully-paid ordinary shares in the capital of Monoova. The capital reduction amount equated to \$1.65 per Moneytech share.
32. The date for determining the entitlement of Moneytech shareholders to receive Monoova shares was the Record Date (31 August 2022).
33. On the Implementation Date (31 August 2022), each Moneytech shareholder's entitlement to the capital reduction amount was applied as consideration for the in specie transfer of the issued Monoova share capital. Each Moneytech shareholder received one Monoova share for every Moneytech share they held on the Record Date, and nothing else.
34. Moneytech accounted for the demerger by debiting its share capital account by \$22,908,278 (the capital reduction amount).
35. No demerger dividend was paid.
36. After the demerger, Moneytech did not own any shares in Monoova.
37. Shares in Monoova were not listed for quotation on the Australian Securities Exchange.

Reasons for demerger

38. The demerger was undertaken to achieve the following objectives:
- To better enable distinct business plans and growth strategies to be pursued by each business. Separated businesses will receive improved focus, additional strategic investment, ability to expand each customer base and more effective communication with the market as independent companies.
 - Given the different profiles of the 2 businesses, separation will enable each business to adopt a capital structure and financial policies appropriate to its needs.
 - Upon completion of the transition period, there is to be a complete separation such that there will be no reliance from one division to the other for services/assets.
 - Ultimately, management considered that the separation of the businesses will drive greater returns and long-term value for shareholders.

Other matters

39. Immediately before the Implementation Date, Moneytech's share capital account was not tainted within the meaning of Division 197.

Status: **legally binding**

40. The 150,000 options over ordinary shares in Moneytech issued to 2 option holders are not provided in connection with an employee share scheme. Under the demerger, the option holders will receive an equivalent number of options in Monoova as they hold in Moneytech with the exercise price of the options proportionally adjusted to reflect the demerger.

41. Moneytech does not have a dividend policy nor paid a dividend since being incorporated.
