Notice of Withdrawal

Taxation Ruling

Income tax: Research and development (R&D) - costing of expenditure

Taxation Ruling IT 2552 is withdrawn with effect from today.

1. Taxation Ruling IT 2552 was issued on 17 August 1989. The Ruling provides guidance on the calculation of 'salary expenditure' and 'other expenditure' incurred directly in respect of research and development activities, that can be deducted under subsection 73B(14) of the *Income Tax Assessment Act 1936* (ITAA 1936). The Ruling also discusses determining the cost of prototypes deductible under subsection 73B(15) of the ITAA 1936.
2. As a result of legislative changes some of the guidance contained in IT 2552 is no longer current.
3. Material in IT 2552 which is current is now included in Part C of the *Guide to the R&D Tax Concession* accessible at law.ato.gov.au. The withdrawal of IT 2552 does not mean that the views expressed in that Ruling have changed.
4. IT 2552 continues to apply to arrangements that commenced before the withdrawal (except for those parts of the Ruling superseded by legislative change prior to the withdrawal, or by the issue of Taxation Ruling TR 2002/1). IT 2552 does not apply to arrangements carried out after the withdrawal.
