F.O.I. INDEX DETAIL

REFERENCE NO:	SUBJECT REFS:	LEGISLAT. REFS:
I1210999	MOTOR VEHICLES FOR USE IN AGRICULTURAL INDUSTRY	SALES TAX (EXEMPTIONS AND CLASSIFICATIONS) ACT; ITEM 13, FIRST SCHEDULE

OTHER RULINGS ON TOPIC : ST 2031, ST 2234, ST 2304

PREAMBLE Taxation Ruling No. ST 2234 explains the extent to which motor vehicles for use primarily and principally in agricultural industry could qualify for exemption under item 13(1), First Schedule. The Ruling contained details of vehicles that have been accepted as qualifying for conditional exemption under item 13(1) when purchased for use in agricultural industry. The vehicles were divided into two groups. Appendix A listed vehicles accepted as satisfying the terms of item 13(1) while Appendix B listed vehicles for which exemption had been granted for a trial period.

2. Since the issue of that Ruling certain other models of motor vehicles have been accepted as satisfying the terms of item 13(1). The purpose of this Ruling is to update the motor vehicle lists. The Ruling takes into account additions to the list, deletions and model changes. It also adjusts the model codes of the Suzuki Sierra Range.

RULING 3. Attached as Appendix A is a list of motor vehicles that have been accepted as qualifying for conditional exemption under sub-item 13(1) when purchased for use in agricultural industry.

4. Attached as Appendix B is a list of motor vehicles that have been granted conditional exemption for a trial period because sales patterns so far have not established that the vehicles are used exclusively or primarily and principally in agricultural industry. At the end of the trial periods, sales of these vehicles will be reviewed and a decision made whether exemption under sub-item 13(1) should continue.
