Schedule 2—Value shifting: transitional exclusion for certain indirect value shifts relating mainly to services

Income Tax (Transitional Provisions) Act 1997

1 At the end of Division 727

Add:

727-230 Transitional exclusion for certain indirect value shifts relating mainly to services

- (1) An indirect value shift does not have consequences under Division 727 of the *Income Tax Assessment Act 1997* if, to the extent of at least 95% of their total market value, the greater benefits consist entirely of:
 - (a) a right to have services that are covered by section 727-240 of that Act provided directly by the losing entity to the gaining entity; or
 - (b) services that are covered by that section and have been, are being, or are to be, so provided;or both, and the IVS time for the scheme that results in the indirect value shift is before:
 - (c) unless paragraph (d) applies—the start of the losing entity's 2003-2004 income year; or
 - (d) if the losing entity's 2002-2003 income year ends before 30 June 2003—the start of the losing entity's 2004-2005 income year.

Part 1—Amendments

Fringe Benefits Tax Assessment Act 1986

1 After section 61F

Insert:

61G Reduction of taxable value of fringe benefits if certain deductions relating to payments to associates are not allowed

If:

- (b) the person providing the benefit cannot deduct an amount under the *Income Tax Assessment Act 1997* for providing the benefit because of section 85-15, 85-20 or 86-60 of that Act; the amount that, but for this section, would be the taxable value of the fringe benefit in relation to the year of tax is reduced by the amount mentioned in paragraph (b).

Note: Sections 85-15, 85-20 and 86-60 of the *Income Tax Assessment Act 1997* limit the extent to which a person can deduct payments to associates that relate to personal services income.

Income Tax Assessment Act 1997

2 Subsection 86-20(1) (note 2)

Repeal the note, substitute:

Note 2: If the amount of the deductions exceeds the amount of the personal services income, a deduction for the excess is available to you under section 86-27. The personal services entity cannot deduct the amount of the excess: see section 86-87.

3 After section 86-25

Insert:

86-27 Deduction for net personal services income loss

If your personal services deduction amount exceeds your unreduced personal services income, then you can deduct the excess amount. For this purpose:

- (a) your *personal services deduction amount* is the amount of deductions relating to your *personal services income worked out under step 1 of the method statement in section 86-20, increased by the amount (if greater than zero) worked out under step 4 of the method statement; and
- (b) your *unreduced personal services income* is the personal services income that would have been included in your assessable income for the income year if there had not been any reduction under section 86-20.

4 After section 86-85

Insert:

86-87 Personal services entity cannot deduct net personal services income loss

The total amount of the deductions to which a *personal services entity is entitled for an income year is reduced by the amount of any deduction that an individual, whose *personal services income is ordinary or statutory income of the entity for that income year, is entitled to under section 86-27.

(b) you become the owner or operator of an agricultural enterprise (except a sugar industry enterprise) within that period.

(3) The amount is included for the income year in which you receive it.

Note: You will be required to repay the grant if you re-enter the sugar industry within the 5 year period. If you repay the grant in an income year after the year in which you receive it, section 59-30 will exclude the grant from your assessable income.

5 Section 53-10 (after table item 4A)

Omit “Note”, substitute “Note 1”.

2 At the end of subsection 40-340(3)

3 At the end of subsection 328-175(3)

Add:

Note: This section is modified in its application to a transferee partnership for certain assets if roll-over relief under section 328-240 is chosen: see section 328-257.

8 At the end of Subdivision 328-D

Add:

328-240 Roll-over relief for partnership changes

- (1) There is roll-over relief if:
- (a) *balancing adjustment events occur for *depreciating assets on a day (the **BAE day**) because of subsection 40-295(2) as a result of a variation in the constitution of a partnership or in the interests of the partners; and
 - (b) deductions for the assets are calculated under this Subdivision; and
 - (c) the entity or entities that had an interest in the assets just before the balancing adjustment events occurred (the **transferor**) and the entity or entities that have an interest in the assets just after the events occurred (the **transferee**) jointly choose the roll-over relief; and
 - (d) the conditions in section 328-243 are met.

Note: There will be another BAE day in the income year if there is a variation in the constitution of the transferee partnership or in the interests of the partners and a further roll-over is chosen.

- (2) The choice must:
- (a) be in writing; and
 - (b) contain enough information about the transferor's *holding of the assets for the transferee to work out how this Subdivision applies to the transferee's holding of the assets; and
 - (c) be made within 6 months after the end of the transferee's income year (the **BAE year**) in which the *balancing adjustment events occurred, or within a longer period allowed by the Commissioner.
- (3) If a person dies before the end of the time allowed for jointly choosing roll-over relief, the trustee of the person's estate may be a party to the choice.

- (4) The transferor must keep the choice or a copy of it for 5 years after the *balancing adjustment events occurred.

Penalty: 30 penalty units.

Note: See section 4AA of the *Crimes Act 1914* for the current value of a penalty unit.

- (5) The transferee must keep the choice or a copy of it until the end of 5 years after the next *balancing adjustment event occurs for any of the *depreciating assets.

Penalty: 30 penalty units.

328-243 Conditions for roll-over relief

- (1) The transferee must become an *STS taxpayer for the BAE year.
- (2) All of the *depreciating assets that, just before the *balancing adjustment events occurred, were:
- (a) *held by the transferor; and
 - (b) allocated to the transferor's *general STS pool or *long life STS pool;
- must be held by the transferee just after those events occurred.

328-245 Consequences of roll-over

- (1) The transferor does not subtract anything for the *balancing adjustment events under:
- (a) paragraph (a) of step 2 in the method statement in section 328-200; or
 - (b) subsection 328-210(2).
- (2) Subsection 328-215(4) does not apply to the *balancing adjustment events for the transferor.
- (3) A choice made by the transferor for a *depreciating asset under subsection 328-175(3) (about primary production assets) applies to the transferee as if it had been made by the transferee.
- (4) Sections 328-247 to 328-257 have effect.

328-247 Pool deductions

- (1) The amount that can be deducted for the transferor's *general STS pool and *long life STS pool for the BAE year under subsection 328-190(1) or section 328-210 for the BAE year is split equally between:
 - (a) the transferor and the transferee; or
 - (b) if there are 2 or more variations in the constitution of a relevant partnership or in the interests of the partners for the BAE year and a roll-over is chosen for each variation—the partnerships concerned.

Example: John and Dave operate a dry cleaning business in partnership (the transferor). The transferor is an STS taxpayer. On the 90th day of an income year, Jonathan joins the partnership. The new partnership (the transferee) becomes an STS taxpayer for the income year. Had there been no partnership change, a deduction of \$6,600 would have been available for the transferor's general STS pool. The transferor and transferee jointly choose the roll-over.

The deduction available to the transferor and the transferee for the pool under subsection 328-190(1) is \$3,300 each.

- (2) The transferor cannot deduct any amount for the transferor's *general STS pool or *long life STS pool for an income year after the BAE year.

328-250 Deductions for assets first used in BAE year

- (1) This section applies in working out the amount that the transferor or transferee can deduct for the BAE year under subsection 328-180(1) (low-cost assets) or subsection 328-190(2) (assets that will be pooled) for a *depreciating asset that the transferor or transferee started to use, or have *installed ready for use, for a *taxable purpose during the BAE year.

Asset first used by transferor

- (2) If the asset was first used or *installed ready for use by the transferor, the amount that can be deducted under subsection 328-180(1) or subsection 328-190(2) for the asset for the BAE year is split equally between:
 - (a) the transferor and the transferee; or
 - (b) if there are 2 or more variations in the constitution of a relevant partnership or in the interests of the partners for the

BAE year and a roll-over is chosen for each variation—the partnerships concerned.

Asset first used by transferee

- (3) If the asset was first used or *installed ready for use by the transferee:
- (a) the transferor cannot deduct anything for the asset for the BAE year; and
 - (b) the amount that can be deducted under subsection 328-180(1) or 328-190(2) for the asset for the BAE year is:
 - (i) deductible by the transferee; or
 - (ii) if there are 2 or more variations in the constitution of a relevant partnership or in the interests of the partners for the BAE year and a roll-over is chosen for each variation—split equally between the partnerships concerned (except ones that did not use the asset or have it installed ready for use).

Example: To continue the example from section 328-247, the transferee buys a low-cost asset on the 150th day of the BAE year for \$800.

On the 250th day of the year, Evan joins the transferee partnership. The new transferee partnership becomes an STS taxpayer for the BAE year, and a further roll-over is chosen.

The original transferor cannot deduct anything for the asset. The original transferee (now a transferor) and the new transferee can deduct \$400 each.

Special rule for low-cost assets

- (4) Subsection (5) applies if:
- (a) the transferor started to use, or have *installed ready for use, a *low-cost asset during the BAE year; and
 - (b) a *balancing adjustment event occurs for that asset before the BAE day.
- (5) The transferee cannot deduct anything for the asset for the BAE year, and subsection 328-215(4) does not apply to the transferee in relation to the asset.

328-253 Deductions for cost addition amounts

- (1) This section applies in working out the amount that the transferor or transferee can deduct for the BAE year under subsection 328-180(2) or 328-190(3) for expenditure incurred by the transferor or transferee during the BAE year that is included in the second element of the *cost of a depreciating asset.

Expenditure incurred by transferor

- (2) If the expenditure was incurred by the transferor, the amount that can be deducted under subsection 328-180(2) or 328-190(3) for the BAE year is split equally between:
- (a) the transferor and the transferee; or
 - (b) if there are 2 or more variations in the constitution of a relevant partnership or in the interests of the partners for the BAE year and a roll-over is chosen for each variation—the partnerships concerned.

Expenditure incurred by transferee

- (3) If the expenditure was incurred by the transferee:
- (a) the transferor cannot deduct anything for the expenditure for the BAE year; and
 - (b) the amount that can be deducted under subsection 328-180(1) or 328-190(2) for the expenditure for the BAE year is:
 - (i) deductible by the transferee; or
 - (ii) if there are 2 or more variations in the constitution of a relevant partnership or in the interests of the partners for the BAE year after the expenditure was incurred and a roll-over is chosen for each variation—split equally between the partnerships concerned.

Special rule for expenditure on low-cost assets

- (4) Subsection (5) applies if:
- (a) the transferor incurred the expenditure in relation to a *low-cost asset; and
 - (b) a *balancing adjustment event occurs for that asset before the BAE day.

- (5) The transferee cannot deduct anything for the expenditure for the BAE year, and subsection 328-215(4) does not apply to the transferee in relation to the asset.

328-255 Closing pool balance etc. below zero

- (1) This section applies if:
- (a) the *closing pool balance of the transferor's *general STS pool or *long life STS pool for the BAE year is less than zero; or
 - (b) the amount worked out under subsection 328-210(2) for that pool for the BAE year is less than zero;
- because a *balancing adjustment event occurred for an asset allocated to that pool during that year.
- (2) The amount included in assessable income under subsection 328-215(2) is split equally between:
- (a) the transferor and transferee; or
 - (b) if there are 2 or more variations in the constitution of a relevant partnership or in the interests of the partners for the BAE year and a roll-over is chosen for each variation—the partnerships concerned.

328-257 Taxable use

- (1) This section applies to *depreciating assets (the *previously held assets*) that were *held by the transferor just before the *balancing adjustment events occurred.
- (2) Subsection 328-205(1) (about estimates of taxable use) does not apply to previously held assets in the hands of the transferee for the BAE year. Instead, the transferee uses for the BAE year:
- (a) the estimate made by the transferor under that subsection for the asset; or
 - (b) if the transferor had made one or more estimates for the asset under subsection 328-225(1) that resulted in an adjustment under section 328-225 (about change in business use)—that estimate or the most recent of those estimates.
- (3) Section 328-225 applies to the transferee for each previously held asset for income years after the BAE year as if:

- (a) the transferee had *held the asset during the period that the transferor held it; and
- (b) estimates applicable to the transferor for the asset under that section were also applicable to the transferee.

9 Application

The amendments made by this Schedule apply to balancing adjustment events occurring on or after 1 July 2001.

Schedule 8—Consolidation

Part 1—Making and revoking certain choices

Income Tax (Transitional Provisions) Act 1997

1 Subsection 701-5(1)

After “may”, insert “, subject to subsection (3),”.

2 Subsections 701-5(2) and (3)

Repeal the subsections, substitute:

Period for making choice

- (2) The choice must be made by the later of:
- (a) the end of the period described in subsection 703-50(3) of the *Income Tax Assessment Act 1997* for giving the Commissioner the choice under section 703-50 of that Act that the group is taken to be consolidated; and
 - (b) the end of 31 December 2004.

Agreement of other entities required in certain cases

- (3) If the choice is to be made after the end of the period mentioned in paragraph (2)(a) and before the end of the day mentioned in paragraph (2)(b), it cannot be made unless each entity in relation to which the conditions in subsection (5) are satisfied has agreed to it being made.

Choice is irrevocable in certain circumstances

- (4) The choice cannot be revoked unless:
- (a) the revocation takes place before the end of 31 December 2004; and
 - (b) each entity in relation to which the conditions in subsection (5) are satisfied has agreed to the revocation.
- (5) For the purposes of subsections (3) and (4), the conditions are that:
- (a) the entity (the *leaving entity*) ceased to be a subsidiary member of the group before the choice was made (in a

- subsection (3) case) or before the revocation took place (in a subsection (4) case); and
- (b) an asset became that of the leaving entity because section 701-1 (the single entity rule) of the *Income Tax Assessment Act 1997* ceased to apply when the leaving entity ceased to be a subsidiary member; and
 - (c) the asset had become that of the head company because that section applied when a chosen transitional entity (whether or not the same entity as the leaving entity) became a subsidiary member.

3 Before Subdivision 707-C

Insert:

Subdivision 707-A—Transfer of previously unutilised losses to head company

707-145 Certain choices to cancel the transfer of a loss may be revoked

Subsection 707-145(3) of the *Income Tax Assessment Act 1997* does not apply if:

- (a) the revocation of the choice mentioned in that subsection takes place before 1 January 2005; and
- (b) each entity in relation to which the following conditions are satisfied has agreed to the revocation:
 - (i) the entity (the *leaving entity*) ceased to be a subsidiary member of the group before the revocation took place;
 - (ii) an asset became that of the leaving entity because section 701-1 (the single entity rule) of the *Income Tax Assessment Act 1997* ceased to apply when the leaving entity ceased to be a subsidiary member;
 - (iii) the asset had become that of the head company because that section applied when the joining entity to which Subdivision 707-A of that Act applies (whether or not the same entity as the leaving entity) became a subsidiary member.

4 Subsections 707-325(5) and (6)

Repeal the subsections, substitute:

Choice to work out available fraction using this section

- (5) The transferee may choose to use a fixed percentage (greater than 0% and not more than 100%) of the value donor's modified market value to work out the available fraction for the bundle. The transferee may do so only by the later of:
