The Australian Privacy Principles are:

Australian Privacy Principle 1—open and transparent management of personal information

Australian Privacy Principle 2—anonymity and pseudonymity

Australian Privacy Principle 3—collection of solicited personal information

Australian Privacy Principle 4—dealing with unsolicited personal information

Australian Privacy Principle 5—notification of the collection of personal information

Australian Privacy Principle 12—access to personal information

Australian Privacy Principle 13—correction of personal information

Part 1—Consideration of personal information privacy

1 Australian Privacy Principle 1—open and transparent management of personal information

- 1.1 The object of this principle is to ensure that APP entities manage personal information in an open and transparent way.

Compliance with the Australian Privacy Principles etc.

- 1.2 An APP entity must take such steps as are reasonable in the circumstances to implement practices, procedures and systems relating to the entity's functions or activities that:
- (a) will ensure that the entity complies with the Australian Privacy Principles and a registered APP code (if any) that binds the entity; and
 - (b) will enable the entity to deal with inquiries or complaints from individuals about the entity's compliance with the Australian Privacy Principles or such a code.

APP Privacy policy

- 1.3 An APP entity must have a clearly expressed and up-to-date policy (the **APP privacy policy**) about the management of personal information by the entity.

- 1.4 Without limiting subclause 1.3, the APP privacy policy of the APP entity must contain the following information:
- (a) the kinds of personal information that the entity collects and holds;
 - (b) how the entity collects and holds personal information;
 - (c) the purposes for which the entity collects, holds, uses and discloses personal information;
 - (d) how an individual may access personal information about the individual that is held by the entity and seek the correction of such information;
 - (e) how an individual may complain about a breach of the Australian Privacy Principles, or a registered APP code (if any) that binds the entity, and how the entity will deal with such a complaint;
 - (f) whether the entity is likely to disclose personal information to overseas recipients;
 - (g) if the entity is likely to disclose personal information to overseas recipients—the countries in which such recipients are likely to be located if it is practicable to specify those countries in the policy.

Availability of APP privacy policy etc.

- 1.5 An APP entity must take such steps as are reasonable in the circumstances to make its APP privacy policy available:
- (a) free of charge; and
 - (b) in such form as is appropriate.

Note: An APP entity will usually make its APP privacy policy available on the entity's website.

- 1.6 If a person or body requests a copy of the APP privacy policy of an APP entity in a particular form, the entity must take such steps as are reasonable in the circumstances to give the person or body a copy in that form.

2 Australian Privacy Principle 2—anonymity and pseudonymity

- 2.1 Individuals must have the option of not identifying themselves, or of using a pseudonym, when dealing with an APP entity in relation to a particular matter.

2.2 Subclause 2.1 does not apply if, in relation to that matter:

- (a) the APP entity is required or authorised by or under an Australian law, or a court/tribunal order, to deal with individuals who have identified themselves; or
- (b) it is impracticable for the APP entity to deal with individuals who have not identified themselves or who have used a pseudonym.

Part 2—Collection of personal information

3 Australian Privacy Principle 3—collection of solicited personal information

Personal information other than sensitive information

- 3.1 If an APP entity is an agency, the entity must not collect personal information (other than sensitive information) unless the information is reasonably necessary for, or directly related to, one or more of the entity's functions or activities.
- 3.2 If an APP entity is an organisation, the entity must not collect personal information (other than sensitive information) unless the information is reasonably necessary for one or more of the entity's functions or activities.

Sensitive information

- 3.3 An APP entity must not collect sensitive information about an individual unless:
 - (a) the individual consents to the collection of the information and:
 - (i) if the entity is an agency—the information is reasonably necessary for, or directly related to, one or more of the entity's functions or activities; or
 - (ii) if the entity is an organisation—the information is reasonably necessary for one or more of the entity's functions or activities; or
 - (b) subclause 3.4 applies in relation to the information.
 - 3.4 This subclause applies in relation to sensitive information about an individual if:
-

- (a) the collection of the information is required or authorised by or under an Australian law or a court/tribunal order; or
- (b) a permitted general situation exists in relation to the collection of the information by the APP entity; or
- (c) the APP entity is an organisation and a permitted health situation exists in relation to the collection of the information by the entity; or
- (d) the APP entity is an enforcement body and the entity reasonably believes that:
 - (i) if the entity is the Immigration Department—the collection of the information is reasonably necessary for, or directly related to, one or more enforcement related activities conducted by, or on behalf of, the entity; or
 - (ii) otherwise—the collection of the information is reasonably necessary for, or directly related to, one or more of the entity's functions or activities; or
- (e) the APP entity is a non-profit organisation and both of the following apply:
 - (i) the information relates to the activities of the organisation;
 - (ii) the information relates solely to the members of the organisation, or to individuals who have regular contact with the organisation in connection with its activities.

Note: For *permitted general situation*, see section 16A. For *permitted health situation*, see section 16B.

Means of collection

- 3.5 An APP entity must collect personal information only by lawful and fair means.

- (a) if the entity is an agency:
 - (i) the individual consents to the collection of the information from someone other than the individual; or
 - (ii) the entity is required or authorised by or under an Australian law, or a court/tribunal order, to collect the information from someone other than the individual; or
 - (b) it is unreasonable or impracticable to do so.

Solicited personal information

- 3.7 This principle applies to the collection of personal information that is solicited by an APP entity.

4 Australian Privacy Principle 4—dealing with unsolicited personal information

4.1 If:

- (a) an APP entity receives personal information; and
- (b) the entity did not solicit the information;

the entity must, within a reasonable period after receiving the information, determine whether or not the entity could have collected the information under Australian Privacy Principle 3 if the entity had solicited the information.

- 4.2 The APP entity may use or disclose the personal information for the purposes of making the determination under subclause 4.1.

4.3 If:

- (a) the APP entity determines that the entity could not have collected the personal information; and
- (b) the information is not contained in a Commonwealth record;

the entity must, as soon as practicable but only if it is lawful and reasonable to do so, destroy the information or ensure that the information is de-identified.

- 4.4 If subclause 4.3 does not apply in relation to the personal information, Australian Privacy Principles 5 to 13 apply in relation to the information as if the entity had collected the information under Australian Privacy Principle 3.

5 Australian Privacy Principle 5—notification of the collection of personal information

- 5.1 At or before the time or, if that is not practicable, as soon as practicable after, an APP entity collects personal information about an individual, the entity must take such steps (if any) as are reasonable in the circumstances:

- (a) to notify the individual of such matters referred to in subclause 5.2 as are reasonable in the circumstances; or

- (b) to otherwise ensure that the individual is aware of any such matters.

5.2 The matters for the purposes of subclause 5.1 are as follows:

- (a) the identity and contact details of the APP entity;
- (b) if:
 - (i) the APP entity collects the personal information from someone other than the individual; or
 - (ii) the individual may not be aware that the APP entity has collected the personal information;
the fact that the entity so collects, or has collected, the information and the circumstances of that collection;
- (c) if the collection of the personal information is required or authorised by or under an Australian law or a court/tribunal order—the fact that the collection is so required or authorised (including the name of the Australian law, or details of the court/tribunal order, that requires or authorises the collection);
- (d) the purposes for which the APP entity collects the personal information;
- (e) the main consequences (if any) for the individual if all or some of the personal information is not collected by the APP entity;
- (f) any other APP entity, body or person, or the types of any other APP entities, bodies or persons, to which the APP entity usually discloses personal information of the kind collected by the entity;
- (g) that the APP privacy policy of the APP entity contains information about how the individual may access the personal information about the individual that is held by the entity and seek the correction of such information;
- (h) that the APP privacy policy of the APP entity contains information about how the individual may complain about a breach of the Australian Privacy Principles, or a registered APP code (if any) that binds the entity, and how the entity will deal with such a complaint;
- (i) whether the APP entity is likely to disclose the personal information to overseas recipients;
- (j) if the APP entity is likely to disclose the personal information to overseas recipients—the countries in which such recipients

are likely to be located if it is practicable to specify those countries in the notification or to otherwise make the individual aware of them.

Part 3—Dealing with personal information

6 Australian Privacy Principle 6—use or disclosure of personal information

Use or disclosure

- 6.1 If an APP entity holds personal information about an individual that was collected for a particular purpose (the *primary purpose*), the entity must not use or disclose the information for another purpose (the *secondary purpose*) unless:
- (a) the individual has consented to the use or disclosure of the information; or
 - (b) subclause 6.2 or 6.3 applies in relation to the use or disclosure of the information.

Note: Australian Privacy Principle 8 sets out requirements for the disclosure of personal information to a person who is not in Australia or an external Territory.

- 6.2 This subclause applies in relation to the use or disclosure of personal information about an individual if:
- (a) the individual would reasonably expect the APP entity to use or disclose the information for the secondary purpose and the secondary purpose is:
 - (i) if the information is sensitive information—directly related to the primary purpose; or
 - (ii) if the information is not sensitive information—related to the primary purpose; or
 - (b) the use or disclosure of the information is required or authorised by or under an Australian law or a court/tribunal order; or
 - (c) a permitted general situation exists in relation to the use or disclosure of the information by the APP entity; or
 - (d) the APP entity is an organisation and a permitted health situation exists in relation to the use or disclosure of the information by the entity; or

- (e) the APP entity reasonably believes that the use or disclosure of the information is reasonably necessary for one or more enforcement related activities conducted by, or on behalf of, an enforcement body.

Note: For *permitted general situation*, see section 16A. For *permitted health situation*, see section 16B.

6.3 This subclause applies in relation to the disclosure of personal information about an individual by an APP entity that is an agency if:

- (a) the agency is not an enforcement body; and
- (b) the information is biometric information or biometric templates; and
- (c) the recipient of the information is an enforcement body; and
- (d) the disclosure is conducted in accordance with the guidelines made by the Commissioner for the purposes of this paragraph.

6.4 If:

- (a) the APP entity is an organisation; and
- (b) subsection 16B(2) applied in relation to the collection of the personal information by the entity;

the entity must take such steps as are reasonable in the circumstances to ensure that the information is de-identified before the entity discloses it in accordance with subclause 6.1 or 6.2.

Written note of use or disclosure

6.5 If an APP entity uses or discloses personal information in accordance with paragraph 6.2(e), the entity must make a written note of the use or disclosure.

Related bodies corporate

6.6 If:

- (a) an APP entity is a body corporate; and
- (b) the entity collects personal information from a related body corporate;

this principle applies as if the entity's primary purpose for the collection of the information were the primary purpose for which the related body corporate collected the information.

Exceptions

- 6.7 This principle does not apply to the use or disclosure by an organisation of:
- (a) personal information for the purpose of direct marketing; or
 - (b) government related identifiers.

7 Australian Privacy Principle 7—direct marketing

Direct marketing

- 7.1 If an organisation holds personal information about an individual, the organisation must not use or disclose the information for the purpose of direct marketing.

Note: An act or practice of an agency may be treated as an act or practice of an organisation, see section 7A.

Exceptions—personal information other than sensitive information

- 7.2 Despite subclause 7.1, an organisation may use or disclose personal information (other than sensitive information) about an individual for the purpose of direct marketing if:
- (a) the organisation collected the information from the individual; and
 - (b) the individual would reasonably expect the organisation to use or disclose the information for that purpose; and
 - (c) the organisation provides a simple means by which the individual may easily request not to receive direct marketing communications from the organisation; and
 - (d) the individual has not made such a request to the organisation.
- 7.3 Despite subclause 7.1, an organisation may use or disclose personal information (other than sensitive information) about an individual for the purpose of direct marketing if:
- (a) the organisation collected the information from:
 - (i) the individual and the individual would not reasonably expect the organisation to use or disclose the information for that purpose; or
 - (ii) someone other than the individual; and
 - (b) either:

- (i) the individual has consented to the use or disclosure of the information for that purpose; or
- (ii) it is impracticable to obtain that consent; and
- (c) the organisation provides a simple means by which the individual may easily request not to receive direct marketing communications from the organisation; and
- (d) in each direct marketing communication with the individual:
 - (i) the organisation includes a prominent statement that the individual may make such a request; or
 - (ii) the organisation otherwise draws the individual's attention to the fact that the individual may make such a request; and
- (e) the individual has not made such a request to the organisation.

Exception—sensitive information

- 7.4 Despite subclause 7.1, an organisation may use or disclose sensitive information about an individual for the purpose of direct marketing if the individual has consented to the use or disclosure of the information for that purpose.

Exception—contracted service providers

- 7.5 Despite subclause 7.1, an organisation may use or disclose personal information for the purpose of direct marketing if:
- (a) the organisation is a contracted service provider for a Commonwealth contract; and
 - (b) the organisation collected the information for the purpose of meeting (directly or indirectly) an obligation under the contract; and
 - (c) the use or disclosure is necessary to meet (directly or indirectly) such an obligation.

Individual may request not to receive direct marketing communications etc.

- 7.6 If an organisation (the **first organisation**) uses or discloses personal information about an individual:
- (a) for the purpose of direct marketing by the first organisation; or

- (b) for the purpose of facilitating direct marketing by other organisations;

the individual may:

- (c) if paragraph (a) applies—request not to receive direct marketing communications from the first organisation; and
- (d) if paragraph (b) applies—request the organisation not to use or disclose the information for the purpose referred to in that paragraph; and
- (e) request the first organisation to provide its source of the information.

7.7 If an individual makes a request under subclause 7.6, the first organisation must not charge the individual for the making of, or to give effect to, the request and:

- (a) if the request is of a kind referred to in paragraph 7.6(c) or (d)—the first organisation must give effect to the request within a reasonable period after the request is made; and
- (b) if the request is of a kind referred to in paragraph 7.6(e)—the organisation must, within a reasonable period after the request is made, notify the individual of its source unless it is impracticable or unreasonable to do so.

Interaction with other legislation

7.8 This principle does not apply to the extent that any of the following apply:

- (a) the *Do Not Call Register Act 2006*;
- (b) the *Spam Act 2003*;
- (c) any other Act of the Commonwealth, or a Norfolk Island enactment, prescribed by the regulations.

8 Australian Privacy Principle 8—cross-border disclosure of personal information

8.1 Before an APP entity discloses personal information about an individual to a person (the *overseas recipient*):

- (a) who is not in Australia or an external Territory; and
- (b) who is not the entity or the individual;

the entity must take such steps as are reasonable in the circumstances to ensure that the overseas recipient does not breach

the Australian Privacy Principles (other than Australian Privacy Principle 1) in relation to the information.

Note: In certain circumstances, an act done, or a practice engaged in, by the overseas recipient is taken, under section 16C, to have been done, or engaged in, by the APP entity and to be a breach of the Australian Privacy Principles.

8.2 Subclause 8.1 does not apply to the disclosure of personal information about an individual by an APP entity to the overseas recipient if:

- (a) the entity reasonably believes that:
 - (i) the recipient of the information is subject to a law, or binding scheme, that has the effect of protecting the information in a way that, overall, is at least substantially similar to the way in which the Australian Privacy Principles protect the information; and
 - (ii) there are mechanisms that the individual can access to take action to enforce that protection of the law or binding scheme; or
- (b) both of the following apply:
 - (i) the entity expressly informs the individual that if he or she consents to the disclosure of the information, subclause 8.1 will not apply to the disclosure;
 - (ii) after being so informed, the individual consents to the disclosure; or
- (c) the disclosure of the information is required or authorised by or under an Australian law or a court/tribunal order; or
- (d) a permitted general situation (other than the situation referred to in item 4 or 5 of the table in subsection 16A(1)) exists in relation to the disclosure of the information by the APP entity; or
- (e) the entity is an agency and the disclosure of the information is required or authorised by or under an international agreement relating to information sharing to which Australia is a party; or
- (f) the entity is an agency and both of the following apply:
 - (i) the entity reasonably believes that the disclosure of the information is reasonably necessary for one or more enforcement related activities conducted by, or on behalf of, an enforcement body;

- (ii) the recipient is a body that performs functions, or exercises powers, that are similar to those performed or exercised by an enforcement body.

Note: For *permitted general situation*, see section 16A.

9 Australian Privacy Principle 9—adoption, use or disclosure of government related identifiers

Adoption of government related identifiers

- 9.1 An organisation must not adopt a government related identifier of an individual as its own identifier of the individual unless:
- (a) the adoption of the government related identifier is required or authorised by or under an Australian law or a court/tribunal order; or
 - (b) subclause 9.3 applies in relation to the adoption.

Note: An act or practice of an agency may be treated as an act or practice of an organisation, see section 7A.

Use or disclosure of government related identifiers

- 9.2 An organisation must not use or disclose a government related identifier of an individual unless:
- (a) the use or disclosure of the identifier is reasonably necessary for the organisation to verify the identity of the individual for the purposes of the organisation's activities or functions; or
 - (b) the use or disclosure of the identifier is reasonably necessary for the organisation to fulfil its obligations to an agency or a State or Territory authority; or
 - (c) the use or disclosure of the identifier is required or authorised by or under an Australian law or a court/tribunal order; or
 - (d) a permitted general situation (other than the situation referred to in item 4 or 5 of the table in subsection 16A(1)) exists in relation to the use or disclosure of the identifier; or
 - (e) the organisation reasonably believes that the use or disclosure of the identifier is reasonably necessary for one or more enforcement related activities conducted by, or on behalf of, an enforcement body; or
 - (f) subclause 9.3 applies in relation to the use or disclosure.

Note 1: An act or practice of an agency may be treated as an act or practice of an organisation, see section 7A.

Note 2: For *permitted general situation*, see section 16A.

Regulations about adoption, use or disclosure

9.3 This subclause applies in relation to the adoption, use or disclosure by an organisation of a government related identifier of an individual if:

- (a) the identifier is prescribed by the regulations; and
- (b) the organisation is prescribed by the regulations, or is included in a class of organisations prescribed by the regulations; and
- (c) the adoption, use or disclosure occurs in the circumstances prescribed by the regulations.

Note: There are prerequisites that must be satisfied before the matters mentioned in this subclause are prescribed, see subsections 100(2) and (3).

Part 4—Integrity of personal information

10 Australian Privacy Principle 10—quality of personal information

10.1 An APP entity must take such steps (if any) as are reasonable in the circumstances to ensure that the personal information that the entity collects is accurate, up-to-date and complete.

10.2 An APP entity must take such steps (if any) as are reasonable in the circumstances to ensure that the personal information that the entity uses or discloses is, having regard to the purpose of the use or disclosure, accurate, up-to-date, complete and relevant.

11 Australian Privacy Principle 11—security of personal information

11.1 If an APP entity holds personal information, the entity must take such steps as are reasonable in the circumstances to protect the information:

- (a) from misuse, interference and loss; and
- (b) from unauthorised access, modification or disclosure.

11.2 If:

- (a) an APP entity holds personal information about an individual; and
 - (b) the entity no longer needs the information for any purpose for which the information may be used or disclosed by the entity under this Schedule; and
 - (c) the information is not contained in a Commonwealth record; and
 - (d) the entity is not required by or under an Australian law, or a court/tribunal order, to retain the information;
- the entity must take such steps as are reasonable in the circumstances to destroy the information or to ensure that the information is de-identified.

Part 5—Access to, and correction of, personal information

12 Australian Privacy Principle 12—access to personal information

Access

- 12.1 If an APP entity holds personal information about an individual, the entity must, on request by the individual, give the individual access to the information.

Exception to access—agency

- 12.2 If:
- (a) the APP entity is an agency; and
 - (b) the entity is required or authorised to refuse to give the individual access to the personal information by or under:
 - (i) the Freedom of Information Act; or
 - (ii) any other Act of the Commonwealth, or a Norfolk Island enactment, that provides for access by persons to documents;
- then, despite subclause 12.1, the entity is not required to give access to the extent that the entity is required or authorised to refuse to give access.

Exception to access—organisation

- 12.3 If the APP entity is an organisation then, despite subclause 12.1, the entity is not required to give the individual access to the personal information to the extent that:
- (a) the entity reasonably believes that giving access would pose a serious threat to the life, health or safety of any individual, or to public health or public safety; or
 - (b) giving access would have an unreasonable impact on the privacy of other individuals; or
 - (c) the request for access is frivolous or vexatious; or
 - (d) the information relates to existing or anticipated legal proceedings between the entity and the individual, and would not be accessible by the process of discovery in those proceedings; or
 - (e) giving access would reveal the intentions of the entity in relation to negotiations with the individual in such a way as to prejudice those negotiations; or
 - (f) giving access would be unlawful; or
 - (g) denying access is required or authorised by or under an Australian law or a court/tribunal order; or
 - (h) both of the following apply:
 - (i) the entity has reason to suspect that unlawful activity, or misconduct of a serious nature, that relates to the entity's functions or activities has been, is being or may be engaged in;

Part IIIB—Privacy codes

Division 1—Introduction

26 Guide to this Part

This Part deals with privacy codes.

Division 2 deals with codes of practice about information privacy, called APP codes. APP code developers or the Commissioner may develop APP codes, which:

- (a) must set out how one or more of the Australian Privacy Principles are to be applied or complied with; and
- (b) may impose additional requirements to those imposed by the Australian Privacy Principles; and
- (c) may deal with other specified matters.

If the Commissioner includes an APP code on the Codes Register, an APP entity bound by the code must not breach it. A breach of a registered APP code is an interference with the privacy of an individual.

Division 3 deals with a code of practice about credit reporting, called a CR code. CR code developers or the Commissioner may develop a CR code, which:

- (a) must set out how one or more of the provisions of Part IIIA are to be applied or complied with; and
- (b) must deal with matters required or permitted by Part IIIA to be provided for by the registered CR code; and
- (c) may deal with other specified matters.

If the Commissioner includes a CR code on the Codes Register, an entity bound by the code must not breach it. A breach of the registered CR code is an interference with the privacy of an individual.

Division 4 deals with the Codes Register, guidelines relating to codes and the review of the operation of registered codes.

Division 2—Registered APP codes

Subdivision A—Compliance with registered APP codes etc.

26A APP entities to comply with binding registered APP codes

An APP entity must not do an act, or engage in a practice, that breaches a registered APP code that binds the entity.

26B What is a *registered APP code*

- (1) A ***registered APP code*** is an APP code:
 - (a) that is included on the Codes Register; and
 - (b) that is in force.
- (2) A registered APP code is a legislative instrument.
- (3) Despite subsection 12(2) of the *Legislative Instruments Act 2003*, a registered APP code may be expressed to take effect before the date it is registered under that Act.

Note: An APP code cannot come into force before it is included on the Codes Register: see paragraph 26C(2)(c).

26C What is an *APP code*

- (1) An *APP code* is a written code of practice about information privacy.
- (2) An APP code must:
 - (a) set out how one or more of the Australian Privacy Principles are to be applied or complied with; and
 - (b) specify the APP entities that are bound by the code, or a way of determining the APP entities that are bound by the code; and
 - (c) set out the period during which the code is in force (which must not start before the day the code is registered under section 26H).
- (3) An APP code may do one or more of the following:
 - (a) impose additional requirements to those imposed by one or more of the Australian Privacy Principles, so long as the additional requirements are not contrary to, or inconsistent with, those principles;
 - (b) cover an act or practice that is exempt within the meaning of subsection 7B(1), (2) or (3);
 - (c) deal with the internal handling of complaints;
 - (d) provide for the reporting to the Commissioner about complaints;
 - (e) deal with any other relevant matters.
- (4) An APP code may be expressed to apply to any one or more of the following:
 - (a) all personal information or a specified type of personal information;
 - (b) a specified activity, or a specified class of activities, of an APP entity;
 - (c) a specified industry sector or profession, or a specified class of industry sectors or professions;
 - (d) APP entities that use technology of a specified kind.
- (5) An APP code is not a legislative instrument.

26D Extension of Act to exempt acts or practices covered by registered APP codes

If a registered APP code covers an act or practice that is exempt within the meaning of subsection 7B(1), (2) or (3), this Act applies in relation to the code as if that act or practice were not exempt.

Subdivision B—Development and registration of APP codes

26E Development of APP codes by APP code developers

Own initiative

- (1) An APP code developer may develop an APP code.

At the Commissioner's request

- (2) The Commissioner may, in writing, request an APP code developer to develop an APP code, and apply to the Commissioner for the code to be registered, if the Commissioner is satisfied it is in the public interest for the code to be developed.
- (3) The request must:
 - (a) specify the period within which the request must be complied with; and
 - (b) set out the effect of section 26A.

 - (b) may be extended by the Commissioner.
- (5) The request may:
 - (a) specify one or more matters that the APP code must deal with; and
 - (b) specify the APP entities, or a class of APP entities, that should be bound by the code.
- (6) Despite paragraph (5)(a), the Commissioner must not require an APP code to cover an act or practice that is exempt within the meaning of subsection 7B(1), (2) or (3). However, the APP code that is developed by the APP code developer may cover such an act or practice.

- (7) The Commissioner must make a copy of the request publicly available as soon as practicable after the request is made.

26F Application for registration of APP codes

- (1) If an APP code developer develops an APP code, the developer may apply to the Commissioner for registration of the code.
- (2) Before making the application, the APP code developer must:
- (a) make a draft of the APP code publicly available; and
 - (b) invite the public to make submissions to the developer about the draft within a specified period (which must run for at least 28 days); and
 - (c) give consideration to any submissions made within the specified period.
- (3) The application must:
- (a) be made in the form and manner specified by the Commissioner; and

26G Development of APP codes by the Commissioner

- (1) This section applies if the Commissioner made a request under subsection 26E(2) and either:
- (a) the request has not been complied with; or
 - (b) the request has been complied with but the Commissioner has decided not to register, under section 26H, the APP code that was developed as requested.
- (2) The Commissioner may develop an APP code if the Commissioner is satisfied that it is in public interest to develop the code. However, despite subsection 26C(3)(b), the APP code must not cover an act or practice that is exempt within the meaning of subsection 7B(1), (2) or (3).

- (3) Before registering the APP code under section 26H, the Commissioner must:
 - (a) make a draft of the code publicly available; and

 - (a) consult any person the Commissioner considers appropriate; and

 - (a) be made in the form and manner specified by the Commissioner; and
 - (b) be accompanied by such information as is specified by the Commissioner.

- (4) Before deciding whether to approve a variation, the Commissioner must:
 - (a) make a draft of the variation publicly available; and
 - (b) consult any person the Commissioner considers appropriate about the variation; and

 - (a) remove the original code from the Codes Register; and
 - (b) register the APP code, as varied, by including it on the Register.
- (7) If the Commissioner approves a variation, the variation comes into effect on the day specified in the approval, which must not be before the day on which the APP code, as varied, is included on the Codes Register.
- (8) An approval is not a legislative instrument.

Note: The APP code, as varied, is a legislative instrument once it is included on the Codes Register: see section 26B.

26K Removal of registered APP codes

- (1) The Commissioner may remove a registered APP code from the Codes Register:

Division 3—Civil proceedings and criminal proceedings

80ZD Civil proceedings after criminal proceedings

The Federal Court or Federal Magistrates Court must not make a civil penalty order against an entity for a contravention of a civil penalty provision if the entity has been convicted of an offence constituted by conduct that is the same, or substantially the same, as the conduct constituting the contravention.

80ZE Criminal proceedings during civil proceedings

- (1) Proceedings for a civil penalty order against an entity for a contravention of a civil penalty provision are stayed if:
 - (a) criminal proceedings are commenced or have already been commenced against the entity for an offence; and
 - (b) the offence is constituted by conduct that is the same, or substantially the same, as the conduct alleged to constitute the contravention.
- (2) The proceedings for the civil penalty order may be resumed if the entity is not convicted of the offence. Otherwise:
 - (a) the proceedings are dismissed; and
 - (b) costs must not be awarded in relation to the proceedings.

80ZF Criminal proceedings after civil proceedings

Criminal proceedings may be commenced against an entity for conduct that is the same, or substantially the same, as conduct that would constitute a contravention of a civil penalty provision regardless of whether a civil penalty order has been made against the entity in relation to the contravention.

80ZG Evidence given in proceedings for civil penalty order not admissible in criminal proceedings

- (1) Evidence of information given, or evidence of production of documents, by an individual is not admissible in criminal proceedings against the individual if:
 - (a) the individual previously gave the evidence or produced the documents in proceedings for a civil penalty order against the

individual for an alleged contravention of a civil penalty provision (whether or not the order was made); and

- (b) the conduct alleged to constitute the offence is the same, or substantially the same, as the conduct alleged to constitute the contravention.

- (2) However, subsection (1) does not apply to criminal proceedings in relation to the falsity of the evidence given by the individual in the proceedings for the civil penalty order.
