 - (i) unless subparagraph (ii) or (iii) applies—on or before the day the entity lodges its *income tax return for the income year; or
 - (ii) if the Commissioner makes an assessment of the entity's taxable income for the income year before the entity lodges its income tax return for the income year, and subparagraph (iii) does not apply—on or before the day the Commissioner makes that assessment; or
 - (iii) within such further time as the Commissioner allows.

The choice cannot be revoked.

Integrity rule

- (4) Subsection (1) does not apply if, at the time the entity *derives the *SRWUIP payment in respect of a *SRWUIP program, it is reasonable to conclude that:
- (a) the entity will not incur expenditure at least equal to the payment on works required by the program; and
 - (b) despite not incurring such expenditure, the entity will comply with the program because an *associate of the entity will incur expenditure on those works; and
 - (c) the associate has not made, and will not make, a choice under subsection (2) for the program.

59-67 Meaning of *SRWUIP program*, *SRWUIP payment*, *direct SRWUIP payment* and *indirect SRWUIP payment*

- (1) A ***SRWUIP program*** is a program under the program administered by the Commonwealth known as the Sustainable Rural Water Use and Infrastructure program.
- (2) A ***SRWUIP payment***, in respect of a *SRWUIP program, is:
- (a) a *direct SRWUIP payment in respect of the program; or
 - (b) an *indirect SRWUIP payment in respect of the program.
- (3) A ***direct SRWUIP payment*** is a payment by the Commonwealth to a participant in a *SRWUIP program to the extent that it is made under that program.
- (4) An ***indirect SRWUIP payment*** is a payment to a participant in a *SRWUIP program to the extent that it is reasonably attributable to a payment by the Commonwealth under that program.
- (5) For the purposes of subsections (3) and (4), treat a payment as being made under a *SRWUIP program only if that SRWUIP program is on the published list of SRWUIP programs (see section 59-70) for the day the payment is made.
- (6) However, treat a payment as if it had never been made under a *SRWUIP program to the extent that the Commonwealth seeks to recover the payment.

Example: The Commonwealth seeks to recover half of a payment made under a SRWUIP program. The remaining half is still a payment made under the SRWUIP program.

59-70 List of SRWUIP programs

- (1) The *Water Secretary must keep a list of *SRWUIP programs. The list must:
 - (a) specify the days for which each program is on the list; and
 - (b) be published on the *Water Department's website.

Example: A program could be listed for each day on or after 1 July 2011.

Entering SRWUIP programs on the list

- (2) The *Water Secretary must enter on the list each *SRWUIP program (and its days) in accordance with a direction under subsection (3).
- (3) The Minister and the *Water Minister may jointly direct the *Water Secretary to enter a program (and its days) on the list only if the Water Minister has notified the Minister in writing that the Water Minister is satisfied that the program:
 - (a) is a *SRWUIP program; and
 - (b) will generate efficiencies in water use through infrastructure improvements.
- (4) A direction under subsection (3) must be in writing and specify the days for which the *SRWUIP program is to be on the list. Some or all of those days may be before the day the direction is given.

Changing the days for which a SRWUIP program is listed

- (5) The Minister and the *Water Minister may jointly direct the *Water Secretary to change the list to specify:
 - (a) additional days (including days before the day the direction is given) for which a *SRWUIP program is on the list; or
 - (b) the final day (which must be after the day the direction is given) for which a SRWUIP program is on the list.The *Water Secretary must change the list accordingly.
- (6) A direction under subsection (5) must be in writing.

Giving directions

- (7) The Minister and the *Water Minister must have regard to the policies and budgetary priorities of the Commonwealth Government in deciding whether to give a direction under subsection (3) or (5).

59-75 Commissioner to be kept informed

The *Water Secretary must notify the Commissioner about each payment described in subsection 59-67(6) that the Commonwealth seeks to recover.

59-80 Amending assessments

Section 170 of the *Income Tax Assessment Act 1936* does not prevent the amendment of an assessment for the purpose of giving effect to an outcome that is consequential on any or all of the following events:

- (a) the inclusion of a *SRWUIP program on the published list of SRWUIP programs (see section 59-70);
 - (b) the publication of a change to a SRWUIP program's listing on the published list of SRWUIP programs;
 - (c) the Commonwealth seeking to recover a payment described in subsection 59-67(6);
 - (d) the making of a choice under subsection 59-65(2);
 - (e) the event that causes subsection 26-100(3) to treat expenditure as if it had never been *SRWUIP expenditure;
- if the amendment is made at any time during the period of 2 years starting immediately after that event.

Note: Section 170 of the *Income Tax Assessment Act 1936* specifies the usual period within which assessments may be amended.

9 At the end of section 110-38

Add:

- (7) Expenditure does not form part of any element of the *cost base* to the extent that section 26-100 prevents it being deducted.

Note: Section 26-100 denies deductions for certain expenditure on water infrastructure improvements.

10 After subsection 110-55(9F)

Insert:

(9G) Expenditure does not form part of the *reduced cost base* to the extent that section 26-100 prevents it being deducted.

Note: Section 26-100 denies deductions for certain expenditure on water infrastructure improvements.

11 After paragraph 118-37(1)(g)

Insert:

(ga) a *water entitlement, to the extent that the CGT event happens because an entity *derives a *SRWUIP payment that is *non-assessable non-exempt income under section 59-65;

- (2) Despite paragraph 59-65(3)(b) of that Act, the choice must be made and given to the Commissioner:
 - (a) within the 2 year period starting at that commencement; or

Guide to Division 160

160-1 What this Division is about

A corporate tax entity can choose to “carry back” a tax loss it has for the current year, or for the preceding income year, against the income tax liability it had for either of the 2 income years preceding the current year.

The entity gets a refundable tax offset for the current year that is a proxy for the tax the entity would save if it deducted the loss in the income year to which the loss is “carried back”.

The refundable tax offset is capped at the lesser of \$1,000,000 multiplied by the corporate tax rate, and the entity's franking account balance.

Subdivision 160-A—Object of this Division

Table of sections

160-5 Object of this Division

160-5 Object of this Division

The object of this Division is to reduce the tax disincentive for corporate tax entities to take sensible investment risks. The Division does this by allowing such entities to offset their tax losses against their income tax liabilities for the 2 previous income years through a refundable tax offset.

Subdivision 160-B—Entitlement to and amount of loss carry back tax offset

Table of sections

160-10 Entitlement to loss carry back tax offset
160-15 Amount of loss carry back tax offset

160-10 Entitlement to loss carry back tax offset

An entity is entitled to a *tax offset (the *loss carry back tax offset*) for the *current year if the following conditions are satisfied:

- (a) the entity is a *corporate tax entity throughout the current year;

Note: See also section 160-25.

- (b) either or both of the following income years were *loss years:
- (i) the current year;
 - (ii) the income year just before the current year (the *middle year*);
- (c) the entity had an *income tax liability for either or both of the following income years:
- (i) the middle year;

- (ii) the income year just before the middle year (the *earliest year*);
- (d) any of the following requirements are satisfied for the current year and each of the 5 income years before the current year:
 - (i) the entity has lodged its *income tax return for the year;
 - (ii) the entity was not required to lodge an income tax return for the year;
 - (iii) the Commissioner has made an assessment of the entity's income tax for the year;
- (e) the entity makes a *loss carry back choice for the current year in accordance with Subdivision 160-C.

Note 1: The entity is entitled to only one loss carry back tax offset for the current year. However, that offset has 2 components, one relating to the earliest year and one relating to the middle year: see section 160-15.

Note 2: The loss carry back tax offset is a refundable tax offset: see section 67-23.

160-15 Amount of loss carry back tax offset

- (1) The amount of the entity's *loss carry back tax offset for the *current year is the least of the following amounts:
 - (a) the sum of the *loss carry back tax offset components for the earliest year and the middle year;
 - (b) the entity's *franking account balance at the end of the current year;
 - (c) \$1,000,000 multiplied by the *corporate tax rate for the current year.
- (2) For the purposes of working out the amount of the entity's *loss carry back tax offset for the *current year, the entity's ***loss carry back tax offset component*** for an income year is worked out as follows:

Method statement

- Step 1. Start with the amount of the *tax loss the entity *carries back to the income year (or the sum of the amounts of the tax losses the entity carries back to the income year).

Note: If no amount is carried back to the income year, the step 1 amount, and the **loss carry back tax offset component** for the income year, are nil.

Step 2. Reduce the step 1 amount by the entity's *net exempt income for the income year.

Note: Do not reduce the step 1 amount by the entity's net exempt income to the extent the net exempt income has already been utilised: see section 960-20.

Step 3. Multiply the step 2 amount by the *corporate tax rate for the *current year.

Step 4. The entity's **loss carry back tax offset component** for the income year is so much of the entity's *income tax liability for the income year as does not exceed the step 3 amount.

Example: Redom Pty Ltd has at the end of the 2013-14 income year:

- (a) a tax loss of \$900,000 for that year and a franking account balance of \$280,000; and
- (b) for the 2011-12 income year—an income tax liability of \$120,000 and net exempt income of \$5,000; and
- (c) for the 2012-13 income year—an income tax liability of \$210,000.

Redom chooses to carry back \$405,000 of its tax loss for the 2013-14 year to the 2011-12 year and \$495,000 of that loss to the 2012-13 year.

Redom's loss carry back tax offset for the 2013-14 year is \$268,500, worked out as follows:

- (a) an offset component for the 2011-12 income year of \$120,000, calculated by starting with the \$405,000 carried back, reducing that at step 2 by \$5,000, and multiplying the result by 30%.
- (b) an offset component for the 2012-13 income year of \$148,500, calculated by starting with the \$495,000 carried back and multiplying the result by 30%.

The sum of the 2 components is \$268,500 (which is less than Redom's \$280,000 franking account balance at the end of the 2013-14 year). If that sum had exceeded that balance, the amount of the offset would have been limited under paragraph (1)(b) to that balance.

Income tax liability for earliest year already utilised

- (3) For the purposes of applying step 4 of the method statement in subsection (2) to work out the entity's *loss carry back tax offset

component for the earliest year, disregard so much of the entity's *income tax liability for the earliest year as has previously been included (for the purpose of working out the entity's entitlement to a *loss carry back tax offset for the middle year) in a loss carry back tax offset component.

Foreign residents

- (4) Paragraph (1)(b) does not apply if the entity was a foreign resident (other than an *NZ franking company) for:
- (a) if the entity *carries back an amount to the earliest year—more than half of the earliest year; and
 - (b) if the entity carries back an amount to the middle year—more than half of the middle year.

Subdivision 160-C—Loss carry back choice

Table of sections

160-20	Loss carry back choice
160-25	Entity must have been a corporate tax entity during relevant years
160-30	Transferred tax losses etc. not included
160-35	Integrity rule—no loss carry back tax offset if scheme entered into

160-20 Loss carry back choice

- (1) The entity may make a *loss carry back choice* for the *current year that specifies:
- (a) how much of the entity's *tax loss for the current year (if any) is to be carried back to the earliest year; and
 - (b) how much of the entity's tax loss for the middle year (if any) is to be carried back to the earliest year; and
 - (c) how much of the entity's tax loss for the current year (if any) is to be carried back to the middle year.
- (2) The choice must be made in the *approved form by:
- (a) the day the entity lodges its *income tax return for the *current year; or
 - (b) such later day as the Commissioner allows.

160-25 Entity must have been a corporate tax entity during relevant years

- (1) The entity cannot *carry back an amount of a *tax loss to the earliest year unless the entity was a *corporate tax entity throughout the earliest year (disregarding any period when the entity was not in existence) and the middle year.
- (2) The entity cannot *carry back an amount of a *tax loss to the middle year unless the entity was a *corporate tax entity throughout the middle year (disregarding any period when the entity was not in existence).

Note: The entity must be a corporate tax entity throughout the current year: see paragraph 160-10(a).

160-30 Transferred tax losses etc. not included

The entity cannot *carry back an amount of a *tax loss for an income year, to the extent that the loss:

- (a) was transferred to or from the entity under Division 170 or Subdivision 707-A (about certain company groups); or
- (b) exceeds the amount that would be the entity's tax loss for the year if section 36-55 (about excess franking offsets) were disregarded.

160-35 Integrity rule—no loss carry back tax offset if scheme entered into

No loss carry back tax offset if scheme entered into

- (1) The *corporate tax entity cannot *carry back an amount of a *tax loss to an income year (the **gain year**) if:
 - (a) there is a *scheme for a disposition of *membership interests, or an *interest in membership interests, in:
 - (i) the corporate tax entity; or
 - (ii) an entity that has a direct or indirect interest in the corporate tax entity; and
 - (b) the scheme is entered into or carried out during the period:
 - (i) starting at the start of the gain year; and
 - (ii) ending at the end of the *current year; and

- (c) the disposition results in a change in who controls, or is able to control, (whether directly, or indirectly through one or more interposed entities) the voting power in the corporate tax entity; and
- (d) another entity receives, in connection with the scheme, a *financial benefit calculated by reference to one or more *loss carry back tax offsets to which it was reasonable, at the time the scheme was entered into or carried out, to expect the corporate tax entity would be entitled; and
- (e) having regard to the relevant circumstances of the scheme, it would be concluded that a person, or one of the persons, who entered into or carried out the scheme or any part of the scheme did so for a purpose (whether or not the dominant purpose but not including an incidental purpose) of enabling the corporate tax entity to get a loss carry back tax offset.

Relevant circumstances

- (2) For the purposes of paragraph (1)(e), the relevant circumstances of the *scheme for a disposition include the following:
 - (a) the extent to which the *corporate tax entity continued to conduct the same activities after the scheme as it did before the scheme;
 - (b) if the corporate tax entity continued to use the same assets after the scheme as it did before the scheme—the extent to which those assets were assets for which equivalents were not readily available at the time of the scheme;
 - (c) the matters referred to in subparagraphs 177D(b)(i) to (viii) of the *Income Tax Assessment Act 1936* (applying subparagraph 177D(b)(iv) as if the reference to Part IVA of that Act were instead a reference to this section).

Application of this section to non-share equity interests

- (3) This section:
 - (a) applies to a *non-share equity interest in the same way as it applies to a *membership interest; and
 - (b) applies to an *equity holder in the same way as it applies to a *member.

3 Subsection 995-1(1)

 - (a) *taxable resources in relation to which a *mining revenue event mentioned in paragraph 30-15(1)(a) or (b) happens; or
 - (b) things produced using taxable resources in relation to which a mining revenue event mentioned in paragraph 30-15(1)(c) happens.

6 At the end of subsection 30-40(2)

Add:

Note: The amount of that mining expenditure is adjusted if an adjustment arises under Division 160 in relation to that mining expenditure: see subsection 160-15(5).

7 Section 30-55

Before “An amount”, insert “(1)”.

8 At the end of section 30-55

Add:

- (2) However, subsection (1) does not apply if the only reason the amount does not relate to a particular *mining revenue event is that paragraph 30-20(2)(a) prevents the supply from being an *initial supply.

9 Subsection 35-5(1) (note)

Repeal the note, substitute:

- Note: Most of the amounts are covered by this section. However, the following amounts may also be included in a miner’s mining expenditure:
- (a) amounts arising as a result of adjustments to take account of changes in circumstances (see Division 160);
 - (b) amounts arising as a result of changed use of starting base assets (see section 165-55).

10 Subsection 45-10(1) (formula)

Repeal the formula, substitute:

$$\left(\left(\left(\$75 \text{ million} - \text{Taper amount} \right) \times \frac{3}{2} \right) - \frac{\text{Miner's group MRRT allowances}}{\text{Miner's share of group mining profit}} \right) \times$$

11 Subsection 45-10(2) (example)

Repeal the example, substitute:

Example: For the 2013-14 MRRT year, Pinder Mines Ltd has a total mining profit of \$80 million, a group mining profit of \$100 million, group MRRT allowances of \$10 million and a taper amount of \$50 million (\$100 million - \$50 million). The amount worked out using the formula in subsection (1) is \$22 million: $((\$75 \text{ million} - \$50 \text{ million}) \times \frac{3}{2}) - \10 million multiplied by the MRRT rate gives Pinder Mines Ltd an offset for the year of \$4.95 million.

12 Subsection 70-35(1) (note)

Repeal the note, substitute:

- Note: Most of the amounts are covered by this Division. However, the following amounts may also be included in a miner's pre-mining expenditure:
- (a) amounts arising as a result of adjustments to take account of changes in circumstances (see Division 160);
 - (b) amounts arising as a result of changed use of starting base assets (see section 165-55).

13 Subsection 80-25(1)

Omit "a mining project interest that a miner had at that time", substitute "the mining project interest".

14 Subparagraphs 80-25(3)(b)(i) and (ii)

Repeal the subparagraphs, substitute:

- (i) a valid choice has not been made under section 85-5 specifying the valuation approach for the mining project interest; or
- (ii) a starting base assessment (within the meaning of subitem 15(3) of Schedule 4 to the *Minerals Resource Rent Tax (Consequential Amendments and Transitional Provisions) Act 2012*) does not cover the property or right; or
- (iii) immediately before 1 July 2012, the property or right was not *held by the *entity that, at that time, had the mining project interest (or held the *pre-mining project interest from which the mining project interest *originated); or
- (iv) the property or right did not exist before 1 July 2012.

15 After subsection 80-25(3)

Insert:

- (3A) For the purposes of subparagraphs (3)(b)(iii) and (iv), if:
- (a) the asset is, or includes, the rights and interests that constitute the mining project interest; and
 - (b) the mining project interest did not exist immediately before 1 July 2012; and
 - (c) the mining project interest *originates from one or more *pre-mining project interests, or one or more parts of

pre-mining project interests, that existed immediately before 1 July 2012;
assume that the mining project interest is a continuation of the pre-mining project interest.

16 Subsection 80-40(1)

Omit “in which a *starting base loss arises”, substitute “for which a *starting base loss arises”.

17 Subsection 80-45(1) (paragraph (b) of the definition of uplift factor)

Repeal the paragraph, substitute:

- (b) if, under Division 85, the market value approach is the valuation approach for the mining project interest:

Sum of the *index numbers for the
quarters in the year ending on 31 March just
before the start of the relevant financial year

Sum of the *index numbers for the
quarters in the year ending on the
previous 31 March

where:

relevant financial year is:

- (i) if the *MRRT year is a *financial year—the MRRT year; or
(ii) if the MRRT year is not a financial year—the financial year corresponding to the MRRT year.

18 Paragraph 80-50(1)(b)

Omit “starting base losses for the mining project interest in the year”, substitute “starting base losses for the mining project interest for the year”.

19 At the end of subsection 90-25(1)

Add:

Note: Initial base values are separately assessed under Division 155 in Schedule 1 to the *Taxation Administration Act 1953*. Those assessed values are used in working out starting base allowances in all assessments of MRRT liabilities: see item 15 of Schedule 4 to the *Minerals Resource Rent Tax (Consequential Amendments and Transitional Provisions) Act 2012*.

20 At the end of subsection 90-40(1)

Add:

Note 3: Initial base values are separately assessed under Division 155 in Schedule 1 to the *Taxation Administration Act 1953*. Those assessed values are used in working out starting base allowances in all assessments of MRRT liabilities: see item 15 of Schedule 4 to the *Minerals Resource Rent Tax (Consequential Amendments and Transitional Provisions) Act 2012*.

21 Subsection 90-45(1)

Omit all the words after “assume that”, substitute “the mining project interest is a continuation of the pre-mining project interest”.

22 After subsection 90-45(1)

Insert:

(1A) Without limiting subsection (1), assume also that the *market value of the asset on 1 May 2010 was an amount equal to the market value, on that day, of the rights and interests that constitute the *pre-mining project interest or pre-mining project interests, or the part or parts, from which the mining project interest *originates.

23 Subsection 90-45(2)

Omit “this section”, substitute “subsection (1A)”.

24 After subsection 90-55(5)

Insert:

(5A) For the purposes of subsections (4) and (5), if:

- (a) the asset is, or includes, the rights and interests that constitute the mining project interest; and
- (b) the mining project interest did not exist on 1 May 2010; and
- (c) the mining project interest *originates from one or more *pre-mining project interests, or one or more parts of pre-mining project interests, that existed just before 2 May 2010;

assume that the mining project interest is a continuation of the pre-mining project interest.

25 Subsection 90-65(5)

Repeal the subsection (including the note), substitute:

(5) However, if one or more of the following applies:

- (a) there have been reductions to a *starting base loss relating to the *starting base asset, for that *MRRT year or an earlier MRRT year, under subsection 80-40(3) or (4);
- (b) there have been reductions to a starting base loss relating to the asset, for that MRRT year or an earlier MRRT year, under paragraph 115-15(2)(b);
- (c) there has been no starting base loss for that MRRT year, or no starting base loss for an earlier MRRT year, for the mining project interest to which the asset relates, because of paragraph 115-15(2)(a), 130-15(a) or (b) or 200-5(b) or (c);

the amount included in the miner's *mining revenue under subsection (4) is reduced by the following:

$$\text{Excess amount} \times \frac{\text{Sum of reductions}}{\text{Total decline}}$$

where:

excess amount is the amount of the excess mentioned in subsection (4).

sum of reductions is the sum of:

- (a) any reductions to a *starting base loss relating to the *starting base asset, for that *MRRT year or an earlier MRRT year, under subsection 80-40(3) or (4); and
- (b) any reductions to a starting base loss relating to the asset, for that MRRT year or an earlier MRRT year, under paragraph 115-15(2)(b); and
- (c) any starting base losses, for that MRRT year or an earlier MRRT year, that paragraph 115-15(2)(a), 130-15(a) or (b) or 200-5(b) extinguished, or paragraph 200-5(c) prevented from arising, to the extent that they related (or would have related) to the asset.

total decline is the sum of the declines in value of the asset that have happened during that *MRRT year or any earlier MRRT year.

Note 1: Reductions happen under subsection 80-40(3) or (4) if the asset is used, installed for use, or constructed for use:

- (a) for a purpose other than carrying on upstream mining operations relating to the mining project interest; or

(b) in connection with excluded expenditure.

Note 2: Starting base losses are reduced under paragraph 115-15(2)(b) if a miner chooses to treat a mining project interest as having combined with another despite non-compliance with section 115-35.

Note 3: Starting base losses are extinguished, or prevented from arising, if:

- (a) under paragraph 115-15(2)(a), a miner chooses to treat a mining project interest as having combined with another despite non-compliance with section 115-35; or
- (b) under paragraph 130-15(a) or (b), the suspension day for the mining project interest happens; or
- (c) under paragraph 200-5(b) or (c), a miner chooses to use the simplified MRRT method.

26 Paragraph 95-20(2)(a)

Omit “has”, substitute “*holds”.

27 Subsection 95-25(1)

After “cannot be applied”, insert “under that section”.

28 Paragraphs 95-30(1)(a) and (2)(a)

Omit “entity”, substitute “*entity”.

29 Paragraph 115-15(2)(b)

Repeal the paragraph, substitute:

- (b) the starting base loss for the combined interest for an *MRRT year is reduced by the amount of any declines in value, for the year, of *starting base assets that:
 - (i) relate to a constituent interest; and
 - (ii) do not comply with section 115-35.

30 At the end of section 115-15

Add:

- (3) However, if:
 - (a) an existing pre-mining loss does not comply with section 115-25 because section 95-25 or 115-55 partly prevents the existing pre-mining loss from being applied in working out a *transferred pre-mining loss allowance; and
 - (b) there is no other reason why the loss does not comply with section 115-25;

the loss is extinguished under paragraph (2)(a) only to the extent that section 95-25 or 115-55 prevents the existing pre-mining loss from being so applied.

31 After paragraph 115-25(a)

Insert:

- (aa) section 95-25 (cap on available pre-mining losses) does not wholly or partly prevent the existing pre-mining loss from being so applied; and

32 Paragraph 115-25(b)

After “section 115-55 does not”, insert “wholly or partly”.

33 Subsections 115-55(1) and (2)

Repeal the subsections, substitute:

(1) If:

- (a) a *pre-mining loss relates to:
 - (i) a mining project interest other than the combined interest (or any of the constituent interests); or
 - (ii) a *pre-mining project interest; and
- (b) the loss arose in relation to an *MRRT year preceding the combined interest coming into existence; and
- (c) in relation to at least one of the constituent interests—section 95-25 (cap on available pre-mining losses) would have, to any extent, prevented the loss from being applied in working out a *transferred pre-mining loss allowance for the constituent interest for the year (if the combined interest had not existed);

the loss cannot be applied in working out a transferred pre-mining loss allowance for the combined interest for an MRRT year to the extent that that section would have prevented the loss from being so applied in working out transferred pre-mining loss allowances for all the constituent interests for the year (if the combined interest had not existed).

(2) If:

- (a) a *pre-mining loss relates to the combined interest (or any of the constituent interests); and

- (b) the loss arose in relation to an *MRRT year preceding the combined interest coming into existence; and
- (c) in relation to at least one of the constituent interests—
section 95-25 (cap on available pre-mining losses) would have, to any extent, prevented the loss from being applied in working out a *transferred pre-mining loss allowance for another mining project interest (other than the combined interest or any of the constituent interests) for the year if:
 - (i) the combined interest had not existed; and
 - (ii) the loss had related to the constituent interest;

the loss cannot be applied in working out a transferred pre-mining loss allowance for the other interest for an MRRT year to the extent that that section would have prevented the loss from being so applied in working out transferred pre-mining loss allowances for all the constituent interests for the year (if the combined interest had not existed).

34 At the end of subsection 120-10(4)

Add:

- ; (e) if the transfer happens because of the operation of section 120-25—the amount of the *pre-mining loss cap (if any) for the original interest.

35 Subsection 120-10(4) (note)

Repeal the note, substitute:

- Note 1: Under section 120-25, the start of a mining venture may be taken to be a mining project transfer.
- Note 2: If the original miner's MRRT year starts before the new miner's MRRT year, the effect of this provision is that amounts from before the start of the new miner's MRRT year are taken into account for the new miner in the new miner's MRRT year.

36 At the end of subsection 125-10(4)

Add:

- ; (e) if the new miner is the same *entity as the original miner—the amount of the *pre-mining loss cap (if any) for the original interest.

37 Subsection 125-10(4) (note)

Repeal the note, substitute:

Note 1: If the new miner is not the same entity as the original miner, a new pre-mining loss cap arises for the new interest under section 95-30.

Note 2: If the original miner's MRRT year starts before a new miner's MRRT year, the effect of this provision is that amounts from before the start of the new miner's MRRT year are taken into account for the new miner in the new miner's MRRT year.

38 Paragraph 140-10(2)(c)

Omit "does not apply", substitute "is taken to be satisfied".

39 At the end of subsection 145-15(2)

40 Subsection 145-15(2) (note)

Repeal the note, substitute:

Note 1: Under section 145-30, a mining project interest originating from a pre-mining project interest may be taken to be a pre-mining project transfer.

Note 2: If the original explorer's MRRT year starts before the new explorer's MRRT year, the effect of this provision is that amounts from before the start of the new explorer's MRRT year are taken into account for the new explorer in the new explorer's MRRT year.

41 Subsection 145-20(2)

Omit "section 30-40", substitute "sections 30-40 and 70-40".

42 Subsection 145-20(3)

Omit "section 35-35", substitute "sections 35-35 and 70-35".

43 At the end of subsection 150-15(2)

Add:

; (e) if the new explorer is the same *entity as the original explorer—the amount of the *pre-mining loss cap (if any) for the original interest.

Note: If the new explorer is not the same entity as the original explorer, a new pre-mining loss cap arises for the new interest under section 95-30.

44 Subsection 150-15(4) (heading)

Repeal the heading, substitute:

Exception for new explorer that is the same entity as original explorer

45 Subsection 150-20(2)

49 At the end of section 160-15

Add:

- (5) If this Division has given rise to a mining adjustment in relation to an original amount of *mining expenditure to which subsection 30-40(2) applies, that subsection has effect as if:
- (a) the adjustment mentioned in column 3 of the table in subsection (1) of this section had not been made; and
 - (b) the original amount had instead been increased or decreased (as the case requires) as mentioned in column 2 of that table by the amount of the adjustment.
- (6) If this Division has given rise to a mining adjustment in relation to an original amount of *pre-mining expenditure to which paragraph 70-40(2)(b) applies, and to which subsection 30-40(2) would have applied if the pre-mining expenditure had been mining

expenditure for a mining project interest, that paragraph has effect as if:

- (a) the adjustment mentioned in column 3 of the table in subsection (1) of this section had not been made; and
- (b) the original amount had instead been increased or decreased (as the case requires) as mentioned in column 2 of that table by the amount of the adjustment.

50 Subsection 165-15(1)

Repeal the subsection, substitute:

- (1) If there is a *starting base adjustment amount, for a *starting base asset for an *MRRT year, and:
 - (a) an amount of a *starting base loss for that MRRT year or any earlier MRRT year has been reduced because of a reduction under subsection 80-40(3) or (4) relating to the asset; or

Note 1: Reductions happen under subsection 80-40(3) or (4) if the asset is used, installed for use, or constructed for use:

- (a) for a purpose other than carrying on upstream mining operations relating to the mining project interest; or
- (b) in connection with excluded expenditure.

Note 2: Starting base losses are reduced under paragraph 115-15(2)(b) if a miner chooses to treat a mining project interest as having combined with another despite non-compliance with section 115-35.

Note 3: Starting base losses are extinguished, or prevented from arising, if:

- (a) under paragraph 115-15(2)(a), a miner chooses to treat a mining project interest as having combined with another despite non-compliance with section 115-35; or

Insert:

- (1A) For the purposes of subsection (1), assume that, during the whole of the *MRRT year, the entity has a particular mining project interest to the extent (if any) that the entity has the interest immediately before the end of the year.

Example: If, during the MRRT year, a mining project interest that the entity had at the start of the year was subject to a mining project split with another entity (and they retained their new interests for the rest of the year), the entity's profit under subsection (1) is worked out as if the entity's split percentage applied for the whole year.

If the other entity's profit under subsection (1) is relevant, it is worked out as if the other entity's split percentage applied for the whole year.

69 Subsection 215-10(2)

(1) If a person:

- (a) is a subsidiary member of the consolidated group or MEC group for any period in which the choice is in effect; and
- (b) holds an interest in an onshore petroleum project;

the person and any other subsidiary member of the group that holds an interest in the project are taken, for the purposes covered by subsection (2), to be parts of the head company or provisional head company of the group, rather than separate persons, during that period.

Note: Despite the single entity rule, a subsidiary member of the group is jointly and severally liable for a liability of the head company: see section 721-10 of the *Income Tax Assessment Act 1997*.

- (2) The purposes covered by this subsection are:
- (a) working out, for the purposes of this Act, the head company's or provisional head company's interests, and any subsidiary member's interests, in onshore petroleum projects for any financial year in which any of the period occurs or any later financial year; and
 - (b) working out any tax that is payable in relation to such an interest for any such financial year; and
 - (c) working out assessable receipts and deductible expenditure arising in relation to such an interest for any such financial year; and
 - (d) working out the head company's or provisional head company's notional tax amount, and any subsidiary member's notional tax amount, in relation to an instalment period in any such financial year; and
 - (e) working out excess closing-down expenditure arising in relation to such an interest.

Examples: The following are some examples of consequences of the single entity rule:

- (a) a subsidiary member's interest in an onshore petroleum project becomes a part of the head company's or provisional head company's aggregated interest in the project;
- (b) a subsidiary member's assessable receipts and deductible expenditure relating to the interest are inherited by the head company or provisional head company along with the interest;
- (c) a subsidiary member's liability to pay tax in relation to a period before becoming a member of the group (and any interest charges associated with such a liability) remains a liability of the subsidiary member and does not become a liability of the head company or provisional head company.
