Appendix – Explanation

ⓘ *This Explanation is provided as information to help you understand how the Commissioner's view has been reached. It does not form part of the binding public ruling.*

Table of Contents	Paragraph
Section 8-1 of the ITAA 1997 – deductibility of the prepayment	16
Section 82KZM – prepaid expenditure incurred by certain small and medium business entities and individuals incurring non-business expenditure	21

Section 8-1 of the ITAA 1997 – deductibility of the prepayment

16. A loss or outgoing is deductible under section 8-1 of the ITAA 1997 if it is necessarily incurred in carrying on a business for the purpose of gaining or producing a taxpayer's assessable income. The expenditure must be part of the cost of trading operations and must not be of a capital, private or domestic nature.

17. An outgoing incurred by a business will be 'necessarily incurred' where, in the circumstances, it is reasonably capable of being seen as desirable or appropriate from the point of view of the pursuit of the business ends of the business being carried on for the purpose of earning assessable income (see *Magna Alloys & Research Pty Ltd v. Commissioner of Taxation of the Commonwealth of Australia* [1980] FCA 180).

18. Upon entry into the EOSS a prepayment under Offer 1 or the prepaid funds under Offer 2, as elected by the customer, are both immediately due and non-refundable such that the customer becomes definitively committed to, and incurs, the amount paid. Where the customer prepays a deposit under Offer 1, the outstanding balance is due and payable no later than 25 January in the year after the deposit payment, or on collection if prior to this date. In these circumstances, the full amount of the expenditure is incurred by the customer at the time of the deposit on the basis the outstanding amount is presently due and payable and the customer is definitively committed to the obligation at that time.

19. As the relevant payment is incurred for the purchase of fertiliser to be used in the customer's primary production business, it constitutes expenditure which is clearly appropriate from the point of view of the pursuit of the business ends of the customer's business and is therefore 'necessarily incurred' in the carrying on of that business.

20. The prepayment under Offer 1 or the prepaid funds under Offer 2 necessarily incurred by the customer to purchase fertiliser in the course of carrying on its business is not of a capital, private or domestic nature. The deduction for the payment is allowable under section 8-1 of the ITAA 1997 in the income year it is necessarily incurred.

Section 82KZM – prepaid expenditure incurred by certain small and medium business entities and individuals incurring non-business expenditure

21. Subject to paragraph 22 of this Ruling, section 82KZM operates to spread over more than one income year a deduction which, apart from that section, would be allowable under section 8-1 of the ITAA 1997 for the year of income in which the prepaid expenditure

Status: **not legally binding**

(other than excluded expenditure as defined in subsection 82KZL(1)) is incurred under an agreement by a taxpayer that is either:

- a small business entity, or an entity covered by subsection 82KZM(1A), for the year of income that has not chosen to apply section 82KZMD to the expenditure, or
- an individual that has not incurred the expenditure in carrying on a business.

22. Section 82KZM applies if the eligible service period for the expenditure is longer than 12 months, or the eligible service period for the expenditure is 12 months or shorter but ends after the last day of the year of income after the one in which the expenditure was incurred.

23. In relation to the prepayment incurred by the customer under Offer 1 in the terms and conditions of the EOSS, the eligible service period for the purpose of section 82KZM is the period to which the payment relates. That period is:

- from 1 July in the year of payment, being the day on which the thing to be done under the EOSS in return for the payment (that is, the provision of fertiliser by Summit) is required or permitted (as the case may be) to commence being done
- until 12 months from the date of invoicing (that is, a date before 30 June in the year after payment), being the day on which the thing to be done under the EOSS in return for the payment is required or permitted (as the case may be) to cease being done.

24. In relation to the prepaid funds incurred by the customer under Offer 2 in the terms and conditions of the EOSS, the eligible service period for the purpose of section 82KZM is the period to which the prepaid funds relate. That period is:

- from 1 July in the year of payment, being the day on which the first of the things to be done under the EOSS in return for the prepaid funds (that is, the calculation of the reward amount credited on the customer's Summit Fertilizers Account under the circumstances set out in subparagraph 15(b) of this Ruling) is required or permitted (as the case may be) to commence being done
- until 12 months from the date of invoicing (that is, a date before 26 June in the year after the prepayment), being the last day on which the second of the things to be done under the EOSS in return for the prepaid funds (that is, the provision of the fertiliser by Summit) is required or permitted (as the case may be) to cease being done.

25. The eligible service period in relation to the deductible prepayment under Offer 1 in the terms and conditions of the EOSS or the deductible prepaid funds under Offer 2 in the terms and conditions of the EOSS is no longer than 12 months. As it is not more than 12 months and does not end after the last day of the year of income after the one in which the expenditure was incurred, section 82KZM will have no application to customers that (as assumed at paragraph 10 of this Ruling) are a small business entity (or an entity covered by subsection 82KZM(1A)) for the year of income and have not chosen to apply section 82KZMD to the expenditure.
