Escalation of issues concerning fixed entitlements to a share of the income or capital of a trust

This Practice Statement advises the circumstances in which issues relating to fixed entitlements to a share of the income or capital of a trust must be escalated to the Trust Technical Network.

This Practice Statement is an internal ATO document and an instruction to ATO staff.

1. What this Practice Statement is about

Among other things, the rules contained in Schedule 2F of the *Income Tax Assessment Act 1936* (ITAA 1936):

- establish when a beneficiary has a fixed entitlement to a share of the income or capital of a trust (and thus when the trust is a fixed trust), and
- provide that the Commissioner of Taxation may exercise a discretion to deem that a person has a fixed entitlement.

The concepts of 'fixed entitlement' and 'fixed trust' are also incorporated in other areas of the tax legislation.

These concepts must be interpreted and applied consistently. This Practice Statement therefore outlines when requests for advice should be escalated to the [Trust Technical Network](#) for consideration.

2. Requests for advice that must be escalated to the Trust Technical Network

You must escalate any requests for advice that concern:

- persons having fixed entitlements to income or capital of a trust under subsection 272-5(1) of Schedule 2F to the ITAA 1936, or

- the exercise of the discretion to deem a fixed entitlement under subsection 272-5(3) of Schedule 2F to the ITAA 1936.

You must also escalate any requests for advice in relation to the legislative sections outlined in the Attachment to this Practice Statement, where that request requires consideration of the terms 'fixed entitlement' and 'fixed trust'.
